## Teen Mothers:

**Teen Mothers--Citizens Or Dependents?** Ruth Horowitz, 1996-06-15 Horowitz examines one of the most critical questions of welfare policy how can a government program help one of society's most needful groups move from welfare dependency to employment independence and responsible citizenship This book brings to life the dramas of women on welfare women that daily face dramas unknown to most Americans

**The Epidemic of Teen Pregnancy: An American Tragedy , Teen Pregnancy and Parenting** David Checkland, James Wong, 1999-01-01 Nine original essays explore the many factors affecting how Canadian society responds to and creates the phenomenon of teen parenting A challenges to assumptions about the circumstances consequences and experience of teen parenting

On Becoming a Teen Mom Mary Patrice Erdmans, Timothy Black, 2015-02-06 In 2013 New York City launched a public education campaign with posters of frowning or crying children saying such things as I'm twice as likely not to graduate high school because you had me as a teen and Honestly Mom chances are he won't stay with you Campaigns like this support a public narrative that portrays teen mothers as threatening the moral order bankrupting state coffers and causing high rates of poverty incarceration and school dropout These efforts demonize teen mothers but tell us nothing about their lives before they became pregnant In this myth shattering book the authors tell the life stories of 108 brown white and black teen mothers exposing the problems in their lives often overlooked in pregnancy prevention campaigns Some stories are tragic and painful marked by sexual abuse partner violence and school failure Others depict girl next door characters whose unintended pregnancies lay bare insidious gender disparities Offering a fresh perspective on the links between teen births and social inequalities this book demonstrates how the intersecting hierarchies of gender race and class shape the biographies of young mothers

MTV and Teen Pregnancy Letizia Guglielmo, 2013-05-30 In 2009 16 and Pregnant premiered on MTV closely followed by the spinoffs Teen Mom and Teen Mom 2 Because of their controversial portrayals of teenage mothers the shows have received ongoing media attention While some argue that the programs could play a factor in reducing the number of teen pregnancies others claim the shows exploit young women and glamorize their situations Among these debates there have been surprisingly few in depth discourses that discuss the roles such shows have on teenage audiences In MTV and Teen Pregnancy Critical Essays on 16 and Pregnant and Teen Mom contributors from a variety of backgrounds and expertise offer potent essays about these programs Divided into four parts the book tackles the controversial representations of teen pregnancy from various disciplines Part I explores gendered social norms and the shows roles as either educational resources or idealized depictions of teenage motherhood Part II prompts readers to consider the intersections of race class gender and the social and cultural power structures often glossed over in these programs Part III focuses on teenage fathers the portrayal of masculinity and good vs bad parents Part IV draws from TV's representations of reality to discuss the impact of these shows on the viewing audience This section includes a narrative from a teen mother who argues that the shows do

not accurately reflect the life she leads As the debates about 16 and Pregnant and Teen Mom continue this collection provides a valuable critical discourse to be used both inside and outside the classroom Those engaged in courses on gender and women s studies as well as media studies social work and family and childhood development will find MTV and Teen Pregnancy especially insightful as will those involved in community outreach programs not to mention teens and young mothers themselves **Teen Pregnancy and Parenting** Annette U. Rickel,1989 First published in 1989 Routledge is an imprint of Taylor Francis an informa company Embodying the Problem Jenna Vinson,2017-12-11 The dominant narrative of teen pregnancy persuades many people to believe that a teenage pregnancy always leads to devastating consequences for a young woman her child and the nation in which they reside Jenna Vinson draws on feminist and rhetorical theory to explore how pregnant and mothering teens are represented as problems in U S newspapers political discourses and teenage pregnancy prevention campaigns since the 1970s Vinson shows that these representations prevent a focus on the underlying structures of inequality and poverty perpetuate harmful discourses about women and sustain racialized gender ideologies that construct women s bodies as sites of national intervention and control Embodying the Problem also explores how young mothers resist this narrative Analyzing fifty narratives written by young mothers the recent NoTeenShame social media campaign and her interviews with thirty three young women Vinson argues that while the stigmatization of teenage pregnancy and motherhood does dehumanize young pregnant and mothering women it is at the same time a means for these women to secure an audience for their own messages More information on the author s website <https://jennavinson.com>
