Relationship Gems Efrem J. Windom, 2009-02-06 *Relationship Gems* is a book that is powerpacked with short topics that will surely spark your thinking in regards to relationship issues. It covers marriage, divorce, workplace relationships, dating relationships, and even provides topics that will bring healing for those who have been wounded in a failed relationship. This book provides a life-changing experience. **Managing the Psychological Contract**

Michael Wellin, 2016-05-13 The psychological contract lies at the heart of your relationship with the organisation you work for. It is the deal you make with your employer and colleagues at work; it is about your mutual expectations and their fulfilment. Too often this contract is implicit and left to chance, resulting in misunderstanding, stress, lower commitment, and performance. The author demonstrates how to use the psychological contract to raise the business game and increase personal fulfilment. *Managing the Psychological Contract* is the first book which shows how the psychological contract can be used in practice. In it, Michael Wellin advocates going beyond the traditional static view of the psychological contract between the organisation and its employees. He shows how to create unique and dynamic customised Personal Deals between people and teams. He does this by showing how to make personal deals explicit and mutual and provides practical tips for leaders, employees, and HR professionals. Separate chapters are devoted to leadership, culture change, and strategic HR management. There is also a chapter of practical ideas for individuals who want to change their personal deal at work. The author's ideas are based on his own research and consultancy experience as well as the latest business school research. The book has a number of case studies showing how different organisations use the psychological contract. This is an important and extremely readable book for all those concerned with the improved performance of people and organisations. *Harmony of*

Designed for Popular Use, and Specially Adapted to Sunday-Schools George Whitefield Clark, 1897 [The Relationship between Roman and Local Law in the Babatha and Salome Komaise Archives](#) Carolien

Oudshoorn, 2007-08-31 The discovery of the Babatha archive provided scholars with unique opportunities for reconstructing the life of Jews in second-century Arabia. Although legal issues and especially the question of the relationship between Roman and local law have received attention in a number of publications, this study presents the first complete overview of the legal situation as presented in the Babatha as well as the Salome Komaise archive using references to law in the documents' texts as the key element for understanding what law is applicable to these documents. By distinguishing between two levels in the papyri of substantive and of formal law, a new understanding is reached of the part both Roman and local law played in legal reality. *The ^AOxford Handbook of Organizational Citizenship Behavior* Philip M.
