Judith D. R. Porter, 1971 I don't like colored people He's lazy because he's colored Similar attitudes have too many echoes in American society What distinguishes these particular comments is that they were made by preschool age children the former by a five year old white the latter by a four year old black The general public might be amazed to find that statements of this type were made by such young children yet it is now widely accepted by social scientists that racial attitudes are learned during preschool years

**The Black Child-Savers** Geoff K. Ward, 2012-06-27 During the Progressive Era a rehabilitative agenda took hold of American juvenile justice materializing as a citizen and state building project and mirroring the unequal racial politics of American democracy itself Alongside this liberal manufactory of citizens a parallel structure was enacted a Jim Crow juvenile justice system that endured across the nation for most of the twentieth century In *The Black Child Savers* the first study of the rise and fall of Jim Crow juvenile justice Geoff Ward examines the origins and organization of this separate and unequal juvenile justice system Ward explores how generations of black child savers mobilized to challenge the threat to black youth and community interests and how this struggle grew aligned with a wider civil rights movement eventually forcing the formal integration of American juvenile justice Ward's book reveals nearly a century of struggle to build a more democratic model of juvenile justice an effort that succeeded in part but ultimately failed to deliver black youth and community to liberal rehabilitative ideals At once an inspiring story about the shifting boundaries of race citizenship and democracy in America and a crucial look at the nature of racial inequality *The Black Child Savers* is a stirring account of the stakes and meaning of social justice
