## **The Day War Broke Out:**

**The Day War Broke Out** Jacky Hyams, 2019-09-05 Sunday 3 September 1939 the dawn of a new conflict that would engulf the world following the words of Prime Minister Neville Chamberlain This country is at war with Germany By the time World War II ended in 1945 nearly half a million people from Britain and its empire had lost their lives and the world had changed forever Eighty years on a look back at the lives of British people in September 1939 reveals a very different world from the one we know today Unprecedented hardship lay ahead for a country where free healthcare for all was unknown strict rationing of food and petrol conscription for both sexes and personal tragedy year after year amidst the chaos of Britain s bombed out cities and ports What was it really like to be living in Britain in September 1939 The Day the War Broke Out is a fresh insight into the hearts and minds of a nation on that fateful day With exclusive personal interviews untold stories wartime diaries and newspaper reports it reveals the innermost fears and hopes of a society on the brink of war through the eyes of young mothers fearful for their families bewildered children painfully cut adrift from loved ones and men of all ages many now facing combat for the second time in their lives These are personal intimate snapshots from eighty years ago when the entire world virtually overnight seemed to have been turned upside down and of how a nation faced this new world with courage humour and stoicism

Shakir tells the long neglected story of the bint arab the Arab woman in the United States Drawing on primary sources such as club minutes census records and dozens of interviews she explores the experience of late 19th and early 20th century immigrants mostly Christian peasants from Lebanon and Syria and their American born daughters Later she moves on to the well assimilated granddaughters many of whom have reidentified with the Arab community and begun to fight its political battles The work concludes with those women most of them Muslim who have emigrated over the last quarter century from many Arab countries particularly Palestinians While attempting to correct stereotypes that picture Arab women as passive mindless and downtrodden Shakir gives voice to women caught in a tug of war usually waged within the family between traditional values and the social and sexual liberties permitted women in the West Complicating that battle has been the American suspicion of Arab peoples which has sometimes pushed women as guardians of a culture under attack to resist the blandishments of American society However the sense of embattlement has

sometimes had the opposite outcome legitimizing women's activities in the public and political realm. Leavened with personal reminiscences by the author this book introduces a gallery of spirited women speaking candidly about their differing backgrounds values and aspirations. Essential for all scholars and students of America's social and religious diversity.

Count Belisarius Robert Graves, 2004 First published in 1938 Count Belisarius is one of Robert Graves's most consistently popular novels. A historical romance of the sixth century AD this tells the story of Belisarius the last of the great generals of the Roman Empire who reconquered Africa and Italy for the emperor in Constantinople only to be rewarded with suspicion and humiliation. Lawrence and the Arabs also tells of a military hero but one whom Graves knew personally and who was still living when this first authorized biography was published in 1927. Both as an attempt to tell the story of the Arab Revolt and Lawrence's place in it and as an installment in the growth of the legend of Lawrence of Arabia it is an important historical and literary document. Read together these books show Graves exploring the nature of heroism in a world grown profoundly suspicious of heroes.

*A War in Words* Svetlana Palmer, Sarah Wallis, 2003 This is a portrait of World War I through the letters and diaries of its participants recently uncovered during extensive research across 28 countries for the 10 part Channel 4 series The First World War showing during autumn 2003 itself and from all sides of the conflict. Their testimony from that of one of Franz Ferdinand's assassins to the final entry from a French soldier as he revisits the battlefield in 1919 recounts the complex history of a war whose repercussions changed the world irrevocably.

**Where the Hell are the Guns?** George G. Blackburn, 1997 In *Where the Hell Are the Guns* author George Blackburn returns to the early years of the Second World War. This volume which completes Blackburn's award winning trilogy extending its coverage to the entire war brings wartime Canada and England to life in captivating often comic detail. With the skill of a novelist and the instincts of a seasoned reporter this gifted storyteller traces the evolution of Canada's 4th Field Regiment from a motley assortment of ill equipped recruits to the cream of the Allied artillery more than ready to distinguish itself in the maelstrom of the battle for Normandy. The Second World War comes to a generation of Canadians one sunny September weekend in 1939. It is a Canada woefully unprepared for conflict and 4th Field Regiment is rapidly assembled from a grab bag of volunteers from all walks of life many of them mavericks and misfits from a depression ravaged land. The regiment passes its first year in Canada in makeshift accommodation including hastily converted stables and pigsties in the exhibition grounds of Ottawa and Toronto. For the first few months the soldiers must wear incomplete and moth eaten uniforms from the Great War and their early training is conducted using obsolete equipment or no equipment at all. One year into the war the regiment arrives in England without weapons or vehicles and a month later with Britain moving toward the greatest crisis in her history the regiment is finally equipped with guns French ones with wooden wheels dating from 1898. From these inauspicious beginnings the regiment slowly evolves with mishap and occasionally mayhem along the way into a proud and polished regiment which in 1942 is declared the best field regiment in Britain. By the time the Allied troops land on the beaches in Normandy the boys of

4th Field are more than ready to go to war
