Political Leadership in Liberal and Democratic Theory Joseph Femia,András Körösényi,Gabriella Slomp,2016-08-22 The working hypothesis of this book is that the issue of leadership is neglected by mainstream democratic and liberal theories This deficiency has especially become evident in the last three or four decades which have witnessed a revival of deontological liberalism and radical theories of participatory and deliberative democracy The contributors examine discuss and evaluate descriptive analytical and normative arguments regarding the role of leadership in liberal and democratic theory The volume seeks to provoke debate and to foster new research on the significance and function of leaders in liberal democracies The book as a whole and in its constitutive chapters works on two levels First it aims to expose the lack of systematic treatment of leadership in mainstream liberal and democratic theory Second it explores the reasons for this neglect Overall the book tries to convince the reader that liberal and democratic theories should revive the issue of leadership   *Political Approaches to Educational Administration and Leadership* Eugenie A. Samier,with Adam G. Stanley,2008-03-01 This collection explores the political philosophy and theory foundations for educational administration and leadership as they influence our understanding analysis and practice in the field The first section Political Philosophy The Foundations discusses the work of such writers as Machiavelli Kant and Hegel Hayek Habermas and Bourdieu as their theories apply to the educational context The second section Political Analysis The Critique examines various types of political analyses such as the politics of the policy process minority politics civil society micro politics community politics and

cosmopolitan theory The last section Current Political Controversies The Practice addresses current topical issues of a political nature including the serving of the state economic agenda the democratisation of educational organisations the neo conservative agenda and globalisation The broad international perspective from which these topics are covered makes this volume an excellent addition to the fields of educational leadership organizational studies and educational administration theory   **Contested Country** Cathy Robinson,Bruce Taylor,2009-10-28 In Contested Country leading researchers in planning geography environmental studies and public policy critically review Australia s environmental management under the auspices of the Natural Heritage Trust over the past decade and identify the challenges that must be met in the national quest for sustainability It is the first comprehensive critical examination of the local and regional natural resources management undertaken in Australia using research sourced from all states as well as the Northern Territory It addresses questions such as How is accountability to be maintained Who is included and who is excluded in decentralised environmental governance Does the scale of bottom up management efforts match the scale of environmental problems How is scientific and technical fidelity in environmental management to be maintained when significant activities are devolved to and controlled by local communities The book challenges some of the accepted benefits assumptions and ideologies underpinning regional scaled environmental management and is a must read for anyone interested in this field   *Applying Political Theory* Katherine Smits,2017-10-05 Fully revised and extended the new edition of this innovative and engaging textbook introduces the central elements of political theory from an applied perspective Focusing on 12 high profile contemporary social and political case studies both domestic and global this text shows how political theory illuminates and helps makes sense of important debates in public life This is the perfect introduction for students interested in how political theory can be used to help us solve the political questions of our time whether at a beginner s level or building upon an introduction to theories and concepts New to this Edition Draws on an even wider range of contemporary and historical political thinkers from different philosophical traditions Updated to take recent important cases and controversies into account Includes a new chapter which examines leaking classified information   *Annals of the American Academy of Political and Social Science* ,1894   **The Annals of the American Academy of Political and Social Science** ,1894   **The Supreme Court and Constitutional Theory, 1953-1993** Ronald Kahn,1994 Combining theoretical sophistication with a fundamental comprehension of the political institutions of the USA this study aims to demystify the workings of the United States Supreme Court and its place in democracy   **Education of South and North Korea in Political Symbolism** Young-Ock Yoo,2002   The International Cyclopaedia ,1900   **Cyclopædia of Political Science, Political Economy, and of the Political History of the United States** John Joseph Lalor,1884   *The Annals of the American Academy of Political and Social Science* ,1928   **THE UNIVERSAL CYCLOPEDIA** ,1899   Congressional Record ,1880   **The Physical Educator** ,1940
