

### THE DAZED CONDITION

Several of the abilities of these demons inflict the "Dazed" condition. At the time of this writing, this is a condition defined in the playtest material for D&D One. You can use the effects of that condition, or the following effect:  
**A dazed creature can't take reactions and on its turn, it must choose whether it gets a move, an action, or a bonus action; it gets only one of the three.**

**Exalted Plague Bearers.** Some plague bearers are significantly more powerful than their kin. These demons may have been particularly hardy mortals who fought off their fiendish infection for longer before finally succumbing, or they may be plague bearers who've survived long enough to earn the favor of their demon god. These "exalted" plague bearers are harder to kill, carry more virulent diseases, and possess greater levels of martial skill.

**Festerling Stooges.** These plague bearers have been "blessed" with clouds of hungry flies that follow them wherever they go. The flies constantly distract the stooge from any tasks it tries to concentrate on, and it often makes fruitless attempts at shooing them away or attempting to count and name them all. These constant distractions result in festerling stooges always appearing clumsy and scatterbrained.

Through some combination of bad luck and poor judgment, they often stumble into precarious situations that would spell the doom of most creatures. Luckily, their flies offer protection and regenerative abilities, ensuring that these stooges usually survive as they meander their way from one babbling situation to the next.

## PLAGUE BEARER, EXALTED

*Medium fiend (demon of decay), chaotic evil*

**Armor Class** 13 (natural armor)  
**Hit Points** 123 (13d8 + 65)  
**Speed** 30 ft.

STR	DEX	CON	INT	WIS	CHA
16 (+3)	10 (0)	20 (+5)	10 (0)	16 (+3)	10 (0)

**Saving Throws** Con +8, Wis +6  
**Skills** Athletics +6, Perception +6  
**Damage Resistances** acid, cold, lightning  
**Damage Immunities** poison, necrotic  
**Condition Immunities** poisoned  
**Senses** darkvision 120 ft., passive Perception 15  
**Languages** Abyssal, telepathy 60 ft.  
**Challenge** 5 (1,800 XP) **Proficiency Bonus** +3

**Fetid Stench.** Any creature that starts its turn within 10 feet of the plague bearer must succeed on a DC 16 Constitution saving throw or be poisoned until the start of its next turn. While poisoned this way, the creature is dazed. On a successful saving throw, the creature is immune to the Fetid Stench ability of all demons of decay for 1 hour.  
 If a creature would make multiple saving throws against the Fetid Stench abilities of multiple demons of decay, it instead makes a single saving throw. The save DC is equal to the highest save DC among the demons of decay plus 1 per saving throw that was forgone.

**Living Plague.** The plague bearer is immune to diseases, and if it is targeted by a spell or effect that cures disease, such as Lay on Hands or lesser restoration, it takes 20 radiant damage.

### Actions

**Multiattack.** The plague bearer makes two attacks.

**Plaguesword.** *Melee Weapon Attack:* +6 to hit, reach 5 ft., one target. *Hit:* 8 (1d10 + 3) slashing damage plus 10 (3d6) necrotic damage. If the target is a creature, it must succeed on a DC 16 Constitution saving throw or become infected by Abyssal Rot (description at end of document).

**Noxious Spew.** *Ranged Weapon Attack:* +6 to hit, range 20/40 ft., one target. *Hit:* 13 (3d6 + 3) necrotic damage. If the target is a creature, it must succeed on a DC 16 Constitution saving throw or become infected by Abyssal Rot (description at end of document).

Roemer, 2024-01-29 This study of the miracles attributed to Jesus in the Gospels begins with a survey of the sciences because in our present cultural context materialism is the dominant approach to and understanding of our world of history and of our very selves If the materialist s understanding is true then there is no such thing as miracles because every event must occur as the result of some previous material events Contemporary biblical scholarship mostly approaches the miracle stories from a materialist point of view It questions their historicity because they violate what has now become the entrenched modus operandi in our culture and society operating with the idea that the universe is a closed

nexus of cause and effect The miracles are understood then as products of the community and not historical reports although according to this line of scholarship they may be based on some vague recollection of Jesus s activity that somehow had healing effects Modern science however as one scientist has put it in climbing the mountain of knowledge has reached its peak and found a theologian at the top The sciences in other words have led to the implication that our universe has a creator and that the universe and the human genome have been designed     The Religion and Philosophy of the Veda and Upanishads Arthur Berriedale Keith,1925     **Lectures on the Origin and Growth of Religion as Illustrated by the Religion of the Ancient Babylonians** Archibald Henry Sayce,1898     *The Demon Plagues* David VanDyke,2013-09-25
