Rommel Desmond Young, 1959

Erwin Rommel Charles River Charles River Editors, 2016-08-23 Includes pictures Includes Rommel's quotes about his life and the war Includes online resources and a bibliography for further reading Be an example to your men in your duty and in private life Never spare yourself and let the troops see that you don't in your endurance of fatigue and privation Always be tactful and well mannered and teach your subordinates to be the same Avoid excessive sharpness or harshness of voice which usually indicates the man who has shortcomings of his own to hide Erwin Rommel One of his biographers called him a complex man a born leader a brilliant soldier a devoted husband a proud father intelligent instinctive brave compassionate vain egotistical and arrogant As that description suggests every account of Erwin Rommel's life must address what appears to be its inherent contradictions Fittingly and in the same vein he remains one of the best remembered generals of World War II and history at large despite the fact he was on the losing side and he was defeated at the most famous battle of his career the decisive Battle of El Alamein Nonetheless the Desert Fox has been a legend on both sides of the Atlantic for over 70 years thanks to the crucial role he played in history's deadliest conflict Before his legendary encounters against the British and Americans in North Africa Rommel gained much fame for his role in the invasions of Poland and France before was sent to North Africa in February 1941 In describing Rommel the Italian officer Alessandro Predieri talked about his two very rare and precious gifts The first is luck which you will remember Napoleon prescribed to his generals The second gift is that of being able to keep his bearings in the midst of all the confusion of modern desert warfare His instinct tells him immediately where a difficult situation is going to develop and off he goes with his Kampfstaffel Headquarters Group which he treats like a Praetorian Guard and puts things right charging around like a junior officer With the Axis forces trying to push through Egypt towards the Suez Canal and the British Mandate of Palestine American forces landed to their west in North Africa which ultimately compelled Rommel to try to break through before the Allies could build up and overwhelm them with superior numbers The Second Battle of El Alamein was a turning point in the two year conflict between Allied forces and a combined German Italian force in North Africa While the scale of the battle paled in comparison to the battles of the Eastern Front where the majority of German troops were concentrated it still marked an important victory in World War II especially from the British perspective After leaving North Africa Rommel spent much of the later part of the war strengthening German defenses across the Atlantic in anticipation of an amphibious Allied landing which would come in June 1944 But the murky role he played in the notorious July 20 plot on Adolf Hitler's life in 1944 the closest an assassination attempt got to killing the Nazi

Fuhrer would bring about the Desert Fox's untimely demise in October 1944 even as the Soviets and Western Allies were tightening the vise on Germany. Compelled to take cyanide by authorities, the Desert Fox insisted he was innocent until his dying day and his popularity forced the Nazi government to claim his death was brought about by a heart attack or a cerebral embolism. In fact, Rommel was given an official state funeral and Winston Churchill would go on to praise him. He also deserves our respect because although a loyal German soldier, he came to hate Hitler and all his works and took part in the conspiracy to rescue Germany by displacing the maniac and tyrant. For this, he paid the forfeit of his life. **Desert Fox**

Samuel W. Mitcham, 2019-03-12 Just who was Erwin Rommel: War hero or war criminal? Hitler flunky or man of integrity? Military genius or just lucky? Now bestselling military historian Samuel W. Mitcham Jr gets to the heart of the mysterious figure respected and even admired by the people of the Allied nations he fought against. Mitcham recounts Rommel's improbable and meteoric military career, his epic battles in North Africa, and his fraught relationship with Hitler and the Nazi Party. **Desert Fox: The Storied Military Career of Erwin Rommel** reveals how Rommel's victories in North Africa were sabotaged by Hitler's incompetent interference. How Rommel burned orders telling him to commit war crimes. Why it wouldn't have helped Patton if he really had read Rommel's book. How Rommel was responsible for the Germans' defense against the D-Day landing. Why the plot to overthrow Hitler was fatally compromised when Rommel was gravely injured in an Allied attack. The reason Rommel agreed to commit suicide after his part in the plot was discovered by Hitler. Mitcham's gripping account of Rommel's life takes you through the amazing adventure of the World War II battles in North Africa. Again and again, Rommel outfoxed the Allies until the war of attrition and Hitler's blunders doomed the Axis cause. Illustrated with dozens of historical photos, this illuminating biography paints a fascinating and tragic picture of the man known as the Desert Fox.

Rommel's Greatest Victory Samuel W. Mitcham, 1998 The Desert Fox Erwin Rommel was the foremost strategist and tactician of his generation and his defeat of the British forces at the important Libyan port of Tobruk in spring 1942 was the crown jewel of his military campaigns, a victory so stunning it forced a vote of confidence in the Churchill government. Mitcham Jr's history of Hendersonville, State U chronicles Rommel's march to Tobruk, noting the leader's ability to discern the best places and times to strike. He includes several maps and black-and-white photos. Annotation copyrighted by Book News, Inc. Portland, OR

Rommel: Desert Fox Desmond Young, 1987-02-18 Early in 1941 the famed British Eighth Army was on the route to victory in North Africa. Just a few months later, this same army was on the verge of total defeat as the Germans had won victory after victory and were threatening to overrun Egypt and the Middle East. Here is the classic biography of the man who masterminded this great turnaround: Field Marshal Erwin Rommel, commander of the German Afrika Korps. The man who burned Hitler's order to execute British raiders and who gave Allied prisoners the same food and medical treatment as his German troops. The tough general who personally conducted reconnaissance under fire in an open car while his tank commanders hid in armored turrets. The author of this book, Brigadier General Desmond Young, fought against Rommel in

North Africa was captured by him and after his release at the end of the war visited Rommel's family and talked with many of his fellow officers. Thus he is able to tell us about intrigues that went on in the German High Command during the war; he is able to give a blow-by-blow description of such decisive battles as Tobruk and El Alamein; and he is able to give personal anecdotes about Rommel and to sort out the facts from the legends that have sprung up around this extraordinary general.

The Desert Fox in Normandy Samuel W. Mitcham, Greenwood Publishing Group, Incorporated, 1997-05-01. As 1943 came to a close, Field Marshal Erwin Rommel was given his most challenging and important assignment to date: to repel the impending Allied invasion. The German high command anticipated that 1944 would be the year for the long-awaited amphibious cross-channel invasion. This invasion could be a critical strategic opportunity if the Germans successfully repelled it, but a failure to do so would severely hinder their ability to reestablish military superiority in Europe. Covering the Battle of Normandy from the German point of view, this book examines the impact that the Desert Fox had on the strengthening of German defenses in Normandy and elsewhere. Dubbed by the Propaganda Ministry as The Atlantic Wall, Rommel realized how deceptive this term was upon his inspection of German defenses in 1943. Convinced that the Allies knew more about the actual state of German readiness than many of his officers did, the Desert Fox set out to fortify German positions. The

DESERT FOX 20th Century Fox, 2003. **Rommel's Desert Commanders** Samuel W. Mitcham Jr., 2007-02-28. Perhaps the most famous and admired soldier to fight in World War II was Field Marshal Erwin Rommel, who achieved immortality as the Desert Fox. Rommel's first field command during the war was the 7th Panzer Division, also known as the Ghost Division, which he led in France in 1940. During this campaign, the 7th Panzer suffered more casualties than any other division in the German Army at the same time, inflicting a disproportionate number of casualties upon the enemy. It took 97,486 prisoners, captured 458 tanks and armored vehicles, 277 field guns, 64 anti-tank guns, and 4,000 to 5,000 trucks. It captured or destroyed hundreds of tons of other military equipment, shot down 52 aircraft, destroyed 15 more aircraft on the ground, and captured 12 additional planes. It destroyed the French 1st Armored Division and the 4th North African Division, punched through the Maginot Line extension near Sivry, and checked the largest Allied counteroffensive of the campaign at Arras. When France surrendered, the Ghost Division was within 200 miles of the Spanish border. No doubt about it: Rommel had proven himself a great military leader who was capable of greater things. His next command, in fact, would be the Afrika Korps, where the legend of the Desert Fox was born. Rommel had a great deal of help in France, much more than his published papers suggest. His staff officers and company, battalion, and regimental commanders were an extremely capable collection of military leaders that included 12 future generals, two of them SS, and two colonels who briefly commanded panzer divisions but never reached general rank. They also included Colonel Erich von Unger, who would no doubt have become a general had he not been killed in action while commanding a motorized rifle brigade on the Eastern Front in 1941, as well as Karl Hanke, a Nazi Gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS. No historian has ever recognized the talented cast of

characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book remedies that deficiency *The desert fox, Rommel* Desmond Young, *Rommel's Lieutenants* Samuel W. Mitcham Jr.,2006-11-30

commander of World War II Repeatedly decorated for valor during the First World War he would go on to lead the German Panzer divisions in France and North Africa Even his British opponents admitted to admiring his apparent courage chivalry and leadership and he became known by the nickname Desert Fox His death in October 1944 would give rise to speculation for generations to come on how history should judge him To many he remains the ideal soldier but as Reuth shows Rommel remained loyal to his Führer until forced to commit suicide and his fame was largely a creation of the master propagandist Joseph Goebbels Stripping away the many layers of Nazi and Allied propaganda Reuth argues that Rommel's life symbolizes the complexity and conflict of the German tragedy to have followed Hitler into the abyss and to have considered that to be his duty

Rommel's Last Battle Samuel W. Mitcham, 1983-01-01 Discusses the role of the legendary Desert Fox in establishing resistance to the Allied invasion of Europe and examines Rommel's part in the scheme to assassinate Hitler

Fighting the Desert Fox John Delaney, 1999 In the spring of 1941 Britain's position in North Africa appeared secure The Italians had been spectacularly defeated and there was even the possibility that Italy would drop out of the war The situation changed dramatically with the arrival of Rommel and the Deutsches Afrika Korps Instead of fighting an incompetent and ineffective Italian High Command the Allies found themselves up against the latest strategic and tactical concepts carried through by a dynamic aggressive leader For the British this was a time of trial On several occasions they seemed to be on the brink of total defeat and by August 1942 the Afrika Korps stood facing the British Eighth Army at El Alamein a mere 70 miles from Alexandria
