Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to  
their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available  
to the public so that they do not get lost    [The Destiny of Man](#) John Fiske, 2021-03-10 In 1884 American historian and

philosopher John Fiske published *The Destiny of Man* which discussed humanity's origin destiny and place in the universe A  
leading populariser of Darwin's theory in the United States and influenced by Herbert Spencer Fiske considers views of  
human progress via evolutionary social change and the harmony between science and religion *The Destiny of Man* is  
composed of sixteen chapters that anticipate philosophical questions from a typical non scientific audience the origins of  
atheism the shifting hierarchical positions of humanity through history as proposed by Copernicus and later by Darwin human  
brain size and the dawning of consciousness as a result of the growth and development of moral sentiment and inventiveness  
through natural selection Interestingly at the end of the book Fiske discusses the historical power relationships of ruling  
governments and predicts that as humans evolve and become more civilised war will eventually end    [The Destiny of Man](#)

Erwin, 2015-07-19 Excerpt from *The Destiny of Man* This work on the destiny of man would probably never have been written  
had there been a possibility of discussing the question of man's immortality through the religious press Every attempt at this  
by the author has been denied Several articles have been prepared and their publication has been refused The integrity of his  
belief not being able to shield him from the imputation of heterodoxy and finding no opportunity to justify his theory and ever  
laboring under the disadvantage of distrust from the idea of not being entirely orthodox hence has arisen the necessity for  
this publication It should be expressly understood by all that the honor of God the good of man and the welfare of the church  
of Christ have induced the author to elaborate this idea of non immortality in sin That man is a candidate for immortality that  
he is not and can not be immortal until the resurrection and then can only be immortal in Christ the author is satisfied every  
reader who is dispossessed of prejudice will believe after he has carefully and thoroughly perused this treatise About the
