The Development Of Kants View Of Ethics:

The Development of Kant's View of Ethics Keith Ward, 2019-05 INDEX OF PERSONS INDEX OF SUBJECTS End User License Agreement *The Development of Kant's View of Ethics* Keith Ward, 2019-07-01 Originally published in 1972 The Development of Kant's Ethics is Keith Ward's exceptional analysis of the history of Kant's ideas on ethics and the emergence of Kantian ethics as a mature theory Through a thorough overview of all of Kant's texts written between 1755 and 1804 Ward puts forth the argument that the critical literature surrounding Kantian ethics has underplayed Kant's concern with the role of happiness in relation to morality and the significance of the tradition of natural law for the development of Kantian ethics Covering all of Kant's extant works from *Nova Dilucidatio* to *Opus Postumum* Ward traces the progression of Kant's views from his early ideas on Rationalism to Moral Sense Theory and the development of Critical Philosophy and finally to his later life writings on the relationship between morality and faith Through careful analysis of each of Kant's works Ward details the scientific philosophical and theological ideas that influenced Kant such as the works of Emanuel Swedenborg and demonstrates the critical role these influences played in the development of Kantian ethics Offering a rare and extraordinary historical view of some of Kant's most important contributions to philosophy this is an invaluable resource for scholars engaged in questions on the origins and influences of Kant's work and for students seeking a thorough understanding of Kant's historical and philosophical contexts Immanuel Kant's Moral Theory Roger J. Sullivan, 1989 This book sure to become a standard reference work is a comprehensive lucid and systematic commentary on Kant's practical or moral philosophy Kant is arguably the most important moral philosopher of the modern period yet prior to this area in a single volume Using as nontechnical a language as possible Professor Sullivan offers a detailed authoritative account of Kant's moral philosophy including his ethical theory his philosophy of history his political philosophy his philosophy of religion and his philosophy of education and demonstrates the historical Kantian origins of such important notions as autonomy respect for persons rights and duties An invaluable resource this book will be extremely useful to advanced undergraduates graduates and professional philosophers alike *Ethical Philosophy* Immanuel Kant, 1994-01-01 This expanded edition of James Ellington's preeminent translations of *Grounding for the Metaphysics of Morals* and *Metaphysical Principles of Virtue* includes his new translation of Kant's essay *On a Supposed Right to Lie Because of Philanthropic Concerns* in which Kant replies to one of the standard objections to his moral theory as presented in the main text of *Grounding* that it requires us to tell the truth even in the face of harmful consequences **Groundwork for the Metaphysics of Morals** Immanuel Kant, 2008-10-01 Immanuel Kant's *Groundwork for the Metaphysics of Morals* is one of the most important texts in the history of ethics In it Kant searches for the supreme principle of morality and argues for a conception of the moral life that has made this work a continuing source of controversy and an object of reinterpretation for over two centuries This new edition of Kant's work provides a fresh translation that is uniquely faithful to the German original and more fully annotated than any previous translation There are

also four essays by well known scholars that discuss Kant's views and the philosophical issues raised by the Groundwork J B Schneewind defends the continuing interest in Kantian ethics by examining its historical relation both to the ethical thought that preceded it and to its influence on the ethical theories that came after it Marcia Baron sheds light on Kant's famous views about moral motivation and Shelly Kagan and Allen W Wood advocate contrasting interpretations of Kantian ethics and its practical implications

Unnecessary Evil Sharon Anderson-Gold, 2000-11-02 No philosopher has been more committed to the idea of the moral progress of humanity than Immanuel Kant But is this idea of the moral advancement of the species compatible with the individualist basis of Kantian ethics Do individuals have obligations to contribute toward the welfare of future generations Here Sharon Anderson Gold affirms the compatibility of Immanuel Kant's philosophy of history and ethics by reversing the individualistic reading of the nature of virtue and vice Arguing that Kant's definition of radical evil as a characteristic of the social condition of humanity makes virtue a collective task she concludes that Kant's views on the moral progress of the species are essential to a proper appreciation of the collective character of moral goals and the social context of both virtue and vice The author also expands the role of reflective judgment in the development of a cosmopolitan discourse specifying duties supporting international institutions human rights and global economic justice She argues that reflective judgments contain both phenomenological and normative components making a moral evaluation of social institutions possible thereby providing an orientation or guide for individual action

A History of Philosophy Johann Eduard Erdmann, 1899

Kant's Lectures on Ethics Lara Denis, Oliver Sensen, 2015-04-23 This is the first book devoted to an examination of Kant's lectures on ethics which provide a unique and revealing perspective on the development of his views In fifteen newly commissioned essays leading Kant scholars discuss four sets of student notes reflecting different periods of Kant's career those taken by Herder 1762 4 Collins mid 1770s Mrongovius 1784 5 and Vigilantius 1793 4 The essays cover a diverse range of topics from the relation between Kant's lectures and the Baumgarten textbooks to obligation virtue love the highest good freedom the categorical imperative moral motivation and religion Together they provide the reader with a deeper and fuller understanding of the evolution of Kant's moral thought The volume will be of interest to a range of readers in Kant studies ethics political philosophy religious studies and the history of ideas

The Critical Philosophy of Immanuel Kant Caird, 1889

The Critical Philosophy of Immanuel Kant Edward Caird, 1889

A History of Philosophy: German philosophy since Hegel Johann Eduard Erdmann, 1890

The Metaphysical Elements of Ethics Immanuel Kant, 2009-01-01 One of the most influential Enlightenment thinkers German philosopher Immanuel Kant takes his place among Locke Hume and Berkeley as one of the intellectuals most commonly credited with ushering modernity into existence In The Metaphysical Elements of Ethics Kant takes on some of the most complex and engaging ideas about how humans can discern the right way to live Recommended for philosophy buffs and anyone interested in expanding their intellectual horizons

On the Metaphysics of Morals and Ethics Immanuel Kant, 2013-06-28 Collected here in this

omnibus edition are Immanuel Kant's three most important works on the Metaphysics of Morals and Ethics. Included are Kant's *Groundwork of the Metaphysics of Morals*, *Introduction to the Metaphysics of Morals*, and *The Metaphysical Elements of Ethics*. Kant's *Fundamental Principles of the Metaphysics of Morals* is one of the most important works in modern moral philosophy. It belongs beside Plato, Aristotle, Machiavelli, and Hobbes. Here Kant sets out to articulate and defend the Categorical Imperative, the fundamental principle that underlies moral reasoning and to lay the foundation for a comprehensive account of justice and human virtues. In *Introduction to the Metaphysics of Morals*, Kant states: "All duties are either duties of right that is juridical duties or duties of virtue that is ethical duties. Juridical duties are such as may be promulgated by external legislation; ethical duties are those for which such legislation is not possible." In *The Metaphysical Elements of Ethics*, Kant states: "If there exists on any subject a philosophy that is a system of rational knowledge based on concepts, then there must also be for this philosophy a system of pure rational concepts independent of any condition of intuition; in other words, a metaphysics." It may be asked whether metaphysical elements are required also for every practical philosophy, which is the doctrine of duties and therefore also for Ethics.

A History of Philosophy Johann Eduard Erdmann, 1913

The Science of Right

Immanuel Kant, 1785-1797 Immanuel Kant was a prominent 18th century German philosopher. Kant is often considered to be the first modern philosopher, and he contributed significantly to many fields, including ethics, political theory, and metaphysics. Kant also believed that perpetual universal peace could be achieved through democracy and international cooperation. *The Science of Right* is a book that Kant wrote on the right of individual property ownership.

Lectures on Ethics Immanuel

Kant, 1797-1804 Lecture notes taken by Kant's students of his university courses in ethics.

Kant: The Metaphysics of

Morals Immanuel Kant, 1785-1797 Covers key philosophical interpretive and textual issues, including an extensive further reading essay and translation notes.

Kant's Impact on Moral Philosophy Paul Guyer, 2004

This book examines Immanuel Kant's impact on moral philosophy from his time to our own. Kant's moral philosophy can seem complicated, but at the most basic level, it is driven by the simple idea that the greatest possible freedom for each, combined with an equal degree of freedom for all, is the fundamental principle of philosophy.
