Remembering Utopia Breda Luthar, Maruša Pušnik, 2010-01-30 Essays and photos that reveal and reflect on everyday life in socialist Yugoslavia from tourism to television Research about socialism and communism tends to focus on official aspects of power and dissent and on state politics and presuppose a powerful state and a party with its official ideology on one side and repressed manipulated or collaborating citizens on the other side This collection of essays instead helps uncover various aspects of everyday life during the time of socialism in Yugoslavia such as leisure popular culture consumption sociability and power from 1945 until 1980 when Tito died A highly original project which will cover a much neglected area helping those who either did not make it to Yugoslavia in Tito's time or were born too late to understand what life then and there was all about

Sabrina P Ramet Professor of Political Science at The Norwegian University of Science and Technology in Trondheim Norway This collection represents an original and highly useful work that helps fill a gap in the existing literature on socialist Yugoslavia and East Central Europe in the Cold War It also makes an important contribution to cultural history of the region in the second half of the twentieth century

Dejan Djokic Lecturer in Serbian and Croatian Studies The University of Nottingham This book focuses on a cultural and social history of socialist Yugoslavia from the perspective of ordinary people and by reconstructing their memories The contributors many of them belonging to a new generation of scholars from the former Yugoslavia employ new approaches in order to make sense of the complicated past of this country

Sport in Socialist Yugoslavia Dario Brentin, Dejan Zec, 2018-09-24 The history of sport in socialist Yugoslavia is a peculiar lens through which to examine the country's social cultural and political transformations Sport is represented as one of the most popular and engaging cultural phenomena of social life Sport both embodied the social dynamics of the socialist period as well as revealing questions of the everyday lives of the Yugoslav people Ultimately sport was closely intertwined with the country's overall destiny This volume offers an introduction into the myriad social functions that sport served in the Yugoslav socialist project It illustrates how sport was central to the establishment of Yugoslavia's physical and leisure culture in the early post Second World War period an international promotional tool for Yugoslav communists championing the ideological superiority of the Brotherhood and Unity and the Non Aligned Movement as well as a social field in which the ideological contradictions

of Yugoslav socialism became increasingly apparent The chapters expand the existing knowledge of the processes that defined Yugoslav sport and contribute to a more nuanced understanding of socialist Yugoslavia in the years between 1945 and 1991 This book was originally published as a special issue of The International Journal of the History of Sport

Practice and theory of socialist development in Yugoslavia Savez komunista Jugoslavije. Kongres, 1965

The last Yugoslav generation Ljubica Spaskovska, 2017-04-30 This promising addition to the growing literature on the history of late socialism charts the development of youth culture and politics in socialist Yugoslavia focusing on the 1980s Rather than examining the 1980s as a mere prelude to the violent collapse of the country in the 1990s the book recovers the multiplicity of political visions and cultural developments that evolved at the time and that have been largely forgotten in subsequent discussion The youth of this generation the author convincingly argues sought to rearticulate the Yugoslav socialist framework in order to reinvigorate it and democratise it rather than destroy it altogether

The Cultural Life of Capitalism in Yugoslavia Dijana Jelača, Maša Kolanović, Danijela Lugarić, 2017-07-11 This edited volume explores the cultural life of capitalism during socialist and post socialist times within the geopolitical context of the former Yugoslavia Through a variety of cutting edge essays at the intersections of critical cultural studies material culture visual culture neo Marxist theories and situated critiques of neoliberalism the volume rethinks the relationship between capitalism and socialism Rather than treating capitalism and socialism as mutually exclusive systems of political social and economic order the volume puts forth the idea that in the context of the former Yugoslavia they are marked by a mutually intertwined existence not only on the economic level but also on the level of cultural production and consumption It argues that culture although very often treated as secondary in the analyses of either socialism capitalism or their relationship has an important role in defining negotiating and resisting the social political and economic values of both systems
