The Diary Of The Deity:

G. James Royce,2005-02-01 In this uniquely spiritual work of science fiction author G James Royce reveals the motivation for Deos to create our universe initiate organic life and shape the evolution of the human race **Diary of a Deity - the Burning** Loryn Moore,2021-02-20 My name is Bekka and my life used to be simple Sure I was a goddess and a princess but I had that figured out Or at least I did until I came into my powers and Arrick the dangerously sexy heir of my family s greatest enemy kidnapped me Things got complicated after that Arrick s home realm of Moldize faced imminent destruction and my newfound powers were destined to save them But how could I trust them Exiled from the peaceful Twelve Realms over 900 years ago Moldize was filled with malevolent deities and villainous men Forced into this brutal world I felt conflicted On the one hand I wanted to stand against my family s enemy but on the other I felt drawn to my destiny like a moth to a flame I needed to decide my next move quickly because time was running out My powerful grandfather was searching for me and I knew that once he caught up with the gods who kidnapped me there would be no stopping his thirst for vengeance That left me with a crucial question Could I save them all before he found me And even more important Did I want to **Japan's Sexual Gods** Stephen Turnbull,2015-05-19 Japan s Sexual Gods is an authoritative and original work that describes the unique deities represented by sexual objects in certain Japanese shrines and temples Hundreds of sexual shrines still exist in spite of previous repression and range from the Tagata Shrine with its well known giant festival phallus to small obscure places Many also contain female sexual imagery and some phalluses act in a protective role The study is based on observations of over 500 sexual sites including phallic festivals many of which are modern inventions created purely for commercial reasons The study makes an assessment of the place of sexual beliefs in modern Japan and includes almost 300 stunning original photographs a glossary and a highly detailed map **Hindu Gods and Goddesses in Japan** Saroj Kumar Chaudhuri,2003 Buddhism introduced many Hindu Gods and Goddesses to the Japanese The rulers were the first to be attracted to them Historical records show that they earnestly believed in the miracles of these divinities promised in the sutras Many miracle stories started appearing in popular literature as the divinities percolated down to the masses The resulting naturalisation process in the case of some divinities went to the extent that they became an integral part of the native Shinto pantheon Their popularity remains unabated even today The Tantric Buddhist sects also played a vital role in propagating the divinities They regularly worshipped the divinities in their temples where people thronged in large numbers Many steps in these ceremonies for instance the homa ritual are very familiar to the present day Hindus The monks have also produced a considerable volume of religious literature related to these divinities Descriptions of many divinities show that they have not changed substantially over centuries A study of these writings also shows that a large volume of Hindu myths and legends related to these deities were transmitted to Japan These writings are also a testimony to the way the ancestors of the present day Hindus thought about these deities say around the eighth or ninth century of the Christian era **God's**

Diary Joaquín Antonio Peñalosa, 2002 An award winning poet offers God's Diary a daily record of the Eternal Father's hopes, plans and workings in the world. Simple yet masterful, these poetic entries present the basic truths of the Jewish and Christian Scriptures in an original and charming way, uniquely capturing the intimate heart of God. The People's Bible: Isaiah XXVII-Jeremiah XIX Joseph Parker, 1891 Himiko and Japan's Elusive Chieftdom of Yamatai J. Edward Kidder, 2007-02-28 The third century Chinese chronicle Wei zhi Record of Wei is responsible for Japan's most enduring ancient mystery. This early history tells of a group of islands off the China coast that were dominated by a female shaman named Himiko. Himiko ruled for more than half a century as head of the largest chieftdom, traditionally known as Yamatai, until her death in 248. Yet no such person appears in the old Japanese literature. Who was Himiko and where was the Yamatai she governed? In this, the most comprehensive treatment in English to date, a senior scholar of early Japan turns to three sources: historical, archaeological, and mythological, to provide a multifaceted study of Himiko and ancient Japanese society.
