and theaters in the 1920s and 30s to the district's decline in the 1960s and its glittering corporate revival in the 1990s First Traub gives us the great impresarios with tunesmiths newspaper columnists and nocturnal creatures who shaped Times Square over the century since the place first got its name Oscar Hammerstein Florenz Ziegfeld George S Kaufman Damon Runyon Walter Winchell and the Queen of the Nightclubs Texas Guinan bards like A J Liebling Joe Mitchell and the Beats who celebrated the drug dealers and pimps of 42nd Street He describes Times Square's notorious collapse into pathology and the fierce debates over how best to restore it to life Traub then goes on to scrutinize today's Times Square as no author has yet done He writes about the new 42nd Street the giant Toys R Us store with its flashing Ferris wheel the new world of corporate theater and the sex shops trying to leave their history behind More than sixty years ago Liebling called Times Square the heart of the world not just the center of the world though this crossroads in Midtown Manhattan was indeed that but its heart From the dawn of the twentieth century through the 1950s Times Square was the whirling dynamo of American popular culture and increasingly an urban sanctuary for the eccentric and the untamed The name itself became emblematic of the tremendous life force of cities everywhere Today Times Square is once again an awe inspiring place but the dark and strange corners have been filled with blazing light The most famous street character on Broadway the Naked Cowboy has his own website and Toys R Us calls its flagship store in Times Square the toy center of the universe For the giant entertainment corporations that have moved to this safe clean and self consciously gaudy spot Times Square is still very much the center of the world But is it still the heart The devils playground - the church ,1993 **U.S. Geological Survey Bulletin** ,1983
