The Danger Zone Is Everywhere George Lipsitz,2024-08-27 Compellingly argues that good health is as much social as it is biological and that the racial health gap and the racial wealth gap are mutually constitutive The Danger Zone Is Everywhere shows that housing insecurity and the poor health associated with it are central components of an unjust destructive and deadly racial order Housing discrimination is a civil and economic injustice but it is also a menace to public health With this book George Lipsitz reveals how the injuries of housing discrimination are augmented by racial bias in home appraisals and tax assessments by the disparate racialized effects of policing sentencing and parole and by the ways in which algorithms in insurance and other spheres associate race with risk But The Danger Zone Is Everywhere also highlights new practices emerging in health care and the law emphasizing how grassroots community mobilizations are creating an active and engaged public sphere constituency promoting new forms of legislation litigation and organization for social justice
