 and the first eight years of Frederick's reign **Warfare, Crusade and Conquest in the Middle Ages** John
 France, 2023-04-21 This volume brings together a series of articles by John France published over a span of more than forty
 years covering a number of aspects of the military and crusading history of the Middle Ages both in Europe and the Near
 East An interest in understanding how war worked and why informs a first group of articles ranging from Carolingian armies
 to the organisation of war in the 13th century The focus then turns to the Crusades the most ambitious conquests of the era
 with a set of studies on the First Crusade and others on the manner and conduct of warfare in the territories of the Latin East
 The volume also includes a major unpublished analysis co-authored with Nicholas Morton of the problems faced by the local
 Islamic powers in the early Crusading period reminding us that an army is only as strong as its enemies permit and
 suggesting that the crusaders should be seen in this light **Arthurian Literature XXXV** Elizabeth Archibald, David F.
 Johnson, 2020 The continued influence and significance of the legend of Arthur are demonstrated by the articles collected in
 this volume The rich vitality of both the Arthurian material itself and the scholarship devoted to it is manifested in this
 volume It begins with an interdisciplinary study of swords belonging to Arthurian and other heroes and of the smiths who
 made them assessed both in their literary contexts and in historical references to their existence as heroic relics Two essays
 then consider the use of Arthurian material for political purposes a discussion of Caradog's Vita Gildae throws light on the
 complex attitudes to Arthur of contemporaries of Geoffrey of Monmouth in a time of political turmoil in England and an
 investigation into borrowings from Geoffrey's Historia in a chronicle of Anglo-Scottish relations in the time of Edward I a well
 known admirer of the Arthurian legend argues that they would have appealed to the clerical literate Romance motifs link the
 subsequent pieces women and their friendships in Yvain and Gawain the only known close English adaptation of a romance
 by Chrétien and the mixture of sacred and secular in The Turke and Gawain with fascinating alchemical parallels for a
 puzzling beheading episode This is followed by a discussion of the views on native and foreign sources of three sixteenth
 century defenders of Arthur John Leland John Prise and Humphrey Llwyd and their responses to the criticisms of Polydore
 Vergil In twentieth-century reception history John Steinbeck was an ardent Arthurian enthusiast an essay looks at the
 significance of his annotations to his copy of Malory as he worked on his adaptation The Acts of King Arthur and his Noble
 Knights The volume moves to even more recent territory with an exploration of the adaptations of Malory and other

Arthurian writers that occur in the comic books by Geoff Johns about Arthur Curry aka Aquaman King of Atlantis The book is completed by a reprint of a classic essay by Norris Lacy on the absence and presence of the Grail in Arthurian texts from the twelfth century on
