Powell, 2023-03-30 This book is the third of the series dealing with man's bodies its two predecessors having been *The Etheric Body* and *The Astral Body* In all three identically the same method has been followed some forty volumes mostly from the pens of Annie Besant and C W Leadbeater recognised to day as the authorities par excellence on the Ancient wisdom in its guise of modern Theosophy have been carefully searched for data connected with the mental body those data have been classified arranged and presented to the student in a form as coherent and sequential as the labours of the compiler have been able to make it

Throughout this series no attempt has been made to prove or even to justify the statements made except in so far as their own internal evidence and reasonability justify them The bona fides of these veteran investigators and teachers being unquestionable the results of their investigations and their teachings are here set out without evasion or reservation of any kind so far as possible in their own words modified and abridged only where necessary to suit the requirements of an orderly and logical presentation of the subject matter The question of proof is an entirely separate issue and one moreover of vast dimensions To have attempted to argue or prove the statements made would have defeated the primary object of these books which is to lay before the serious student a condensed synthesis within reasonable compass of the teachings from the from the sources named regarding the bodies of man and the planes or worlds to which these belong Print ed     **The Astral Body and Other Astral Phenomena** A. E. Powell,2018-12-05 THE purpose of this book is to present to the student of Theosophy a condensed synthesis of the information at present 1926 available concerning the Astral Body of man together with a description and explanation of the astral world and its phenomena The book is thus a natural sequel of The Etheric Double and Allied Phenomena published in 1925 As in the case of The Etheric Double the compiler has consolidated the information obtained from a large number of books a list of which is given arranging the material which covers a vast field and is exceedingly complex as methodically as lay within his power It is hoped that by this means present and future students of the subject will be saved much labour and research being able not only to find the information they require presented in a comparatively small compass but also with the help of the marginal references to refer should they so desire to the original sources of information In order that the book may fulfil its purpose by being kept within reasonable dimensions the general plan followed has been to expound the principles under lying astral phenomena omitting particular examples or instances Lecturers and others who wish specific illustrations of the principles enunciated will find the marginal references useful as a clue to the places where the examples they seek may be found A E Powell     *Swimming With the Whale - Second Edition* Daniel Joseph,2012-04-02     **Talks on At the Feet of the Master** Charles Webster Leadbeater,1923     **The Astral Plane** Charles Webster Leadbeater,2020-12-08 In The Astral Plane Charles Webster Leadbeater delves into the mystical dimensions beyond the physical world presenting a detailed exploration of astral travel and spiritual existence Employing a blend of vivid narrative and scholarly analysis Leadbeater uses a systematic approach drawing upon his extensive research and experiences within the Theosophical movement The book serves not merely as an account of esoteric concepts but as a navigational guide to the complex layers of human experience integrating both observational insights and spiritual practices that resonate with the metaphysical inquiry of the early 20th century Leadbeater a prominent theosophist and psychic researcher was profoundly influenced by his lifelong quest to elucidate the unseen realms of existence His rich background in spiritualism and theosophy together with his own psychic abilities underpins the detailed accounts and vivid descriptions in this work He sought to bridge the gap between spirituality and empirical evidence influenced by his ties to notable figures
