**ReFocus: The Films of Ken Russell** Matthew Melia,2022-11-25 Ken Russell was among the

most provocative creative original and important directors in British film and television history but his career and legacy have long suffered under the media cliches of Madman or Enfant Terrible of British cinema nicknames which have tended to delegitimise his status and pioneering role in post war film and television culture This scholarly edited collection refuses these terms and aims to not only reflect and further current critical research into Russell's work but to see Russell as the Renaissance man of British cinema It brings together the work of new and established scholars as well as the reflections of those who knew and worked with Russell ReFocus The Films of Ken Russell offers new perspectives across the breadth of Russell's extensive career in television film and other mediums and seeks to better understand not only his reception but the importance of collaboration to his practice and the legacy of the man himself
