Built around Professor Payne's five key processes the book demonstrates a systematic management progression that will guarantee the maximum impact and efficiency of a CRM programme. The book backs up these five processes strategy development, value creation, channel and media integration, information management and performance assessment with 16 best practice case studies which set the universal theory in a specific practical context. These feature a range of companies including Orange, Britannia, Homebase, Canada Life, Sun Microsystems, Natwest, Sears, Roebuck Co, Nortel Networks and Siemens. The book concludes with interviews from four thought leaders offering a futures vision forum for CRM.
