

# SOCIAL FUNCTIONS

According to the functionalist theory of sociology, a social function is any institution, norm, or practice that contributes to the stability and maintenance of society.

## DEFINITIONS

Social functions refer to the ways in which institutions, customs, and behaviors contribute to the maintenance and continuation of a society. These functions can include regulating social behavior, creating and maintaining social norms and values, and providing a sense of identity and belonging for individuals within a society.

## TYPES

- **Manifest function** refers to the intended and recognized consequences of a social structure or behavior.
- **Latent function** refers to the unintended and often unrecognized consequences of the same social structure or behavior.
