**Social Security and Solidarity in the European Union** Joos P.A. van Vugt, Jan M. Peet, 2012-12-06 Since the 1970s social security in the European Union has been dominated by attempts at reform and cost control. In the last decade of the twentieth century these attempts have been strengthened by the coming European Economic and Monetary Union EMU. This book offers an overview of the social security system and its development in Belgium, Denmark, France, Germany, Greece, Ireland, Italy, the Netherlands, Spain, and the United Kingdom. The national contributions are preceded by an introduction on the development of social security in Europe till the present day with special reference to the postwar process of European integration and its effects. The book is concluded by two essays. The first examines the danger and opportunities of European integration for social security. The second discusses ethical aspects: what effect will European integration have on the quality of social security in Europe?

*Social Security Bulletin*, 1982    **Choices in Financing Health Care and Old Age Security**

Nicholas Prescott, 1998 In November 1997 the World Bank and Singapore's Institute of Policy Studies sponsored a conference Financing Health Care and Old Age Security to assess and identify potential solutions to these concerns. It addressed a topic of concern to nearly every country developing and industrial that is how to deal with the implications of financing medical care and income security for rapidly aging populations. The issues identified and the solutions proposed can provide insight and guidance for policymakers, researchers, and others interested in addressing these challenges now. Of special interest are the contributors' analyses of Singapore's unique integrated approach to managing social risk which is based on mandatory individual savings accounts.
