Society's Warrior Class Inside A Policeman's Mind:

Are You Getting Enlightened Or Losing Your Mind? Dennis Gersten, Larry Dossey, 1997 Lily Tomlin once asked Why is it that it's called prayer when we talk to God but when he answers back it's called schizophrenia Almost half of all Americans claim to have had an unusual spiritual experience and as many more have had problems handling stress anxiety and depression In *Are You Getting Enlightened or Losing Your Mind* Dr Gersten a practicing psychiatrist for twenty years recounts his experiences with his patients to answer questions about the entire spectrum of human consciousness A doctor of the soul Gersten clearly differentiates between miracles and madness spiritual emergence and mental emergency as well as the everyday stresses that affect our states of mind Dr Gersten demonstrates how a spiritual practice can positively influence our mental health and emotional well being His unique step by step program of meditations breathwork and imagery for mental fitness will enhance your peace of mind sharpen your focus and alertness teach you imagery techniques for gaining perspective on your problems and strengthen your core values Visit the Gersten Institute at www.imagerynet.com

Society's Warrior Class Marc C. Barry, 2003 As a police officer in today's society there are a number of issues that we must face each and every day whether we are on or off duty The problems we face and must overcome can be very overwhelming at times We have been described as being a closed society with a warrior mentality and tribal instincts We live among other cops associate with other cops and spend much of the normal daily tasks with only other policemen It's the us against them syndrome When facing death destruction and the dreags of society in which the public does not have to notice it wears on you harshly Over 150 police officers die in the line of duty every year but more than double that commit suicide Throughout this book I hope not only to entertain you but also to share my experiences and feelings and show you a different yet very real side of being a police officer who is out there in the streets every day handling everything imaginable under the sun As police officers it is instilled in us very early to be fair and impartial professional and courageous and most important not to show our emotions or feelings We do this each and every day in every situation we are thrown into Whether it is a domestic fight a neighbor's barking dog or a dead child floating in a pool This is a very difficult lifestyle emotions run rampant up and down like a roller coaster and with intensity levels only measurable by a Richter scale The police officer you most commonly will encounter is the person in uniform shiny badge neatly pressed shirt thick duty belt and glossed shoes on patrol on duty However there is another your next door neighbor who eats drinks sleeps cuts his grass on weekends and has a family Police officers are human just like everybody else We are selected from society and there are good and bad in everything Unfortunately a policeman's job is enforcing laws and when you encounter one he/she is most likely doing their job which becomes a negative contact for you if you are on the receiving end Regardless when you call the police for help we will be there We do not turn away dangerous situations we do not back down and we will not run
