The Longings Of Women:

The Longings of Women Marge Piercy,2016-04-12 An extraordinary novel of the intertwined lives of three troubled women by the New York Times bestselling author of *Gone to Soldiers* *San Francisco Chronicle* When her best friend's death rattles her sense of complacency college professor Leila Landsman decides she's finally had enough of her cheating husband Leila throws herself into her work and encounters Becky Burgess a local woman who climbed her way out of poverty but whose success is completely halted when she becomes the prime suspect in her husband's murder Meanwhile Leila's housekeeper Mary Burke is no stranger to failed marriage Abandoned by her husband for a younger woman and unable to support herself on her own income alone Mary now secretly sleeps in her clients houses hiding her homelessness to remain employed and survive Flawed but resourceful frightened yet determined these three women must draw on an inner strength they never knew existed to make it without the men they've come to depend on Although their situations differ Leila Becky and Mary have all reached their tipping points and each is about to be pushed to the brink in this gripping and relatable story of the dangers of dependence and the liberating power of self reliance [The Longings of Women](#) Marge Piercy,1996-04-21

The American Journal of Obstetrics and Diseases of Women and Children ,1894 **The New York Journal of Gynaecology and Obstetrics** ,1894 **Women in a Patriarchal World** ELAINE STORKEY,2020-04-16 This immersive persuasive and triumphant celebration of women is smart bold and brave cheering us on and challenging us to live lives of liberation Faith and ethics dance effortlessly together as biblical women look us firmly in the eye Rachie Ross eco theologian The Bible includes many stories about women some well known others lesser known some named others whose names are not given In some of these stories men are depicted negatively by the storyteller in others men barely feature at all except in the background or as powerful outsiders All the compilers of these narratives were probably men and all of them are set within an ancient world of patriarchal norms and conditions And yet many of these narratives express the authentic voices of women and in some cases the original sources will have been the women themselves In *Women in a Patriarchal World* Elaine Storkey focuses on the stories of women who faced a range of challenges and life changing decisions Her investigations will lead you to fully appreciate the authenticity of these accounts They will prompt you to see the connections with our own lives and times And above all they will empower you to respond more faithfully and intelligently to the many challenges that women are still confronted with today This book combines rigour with deep humanity and faith Christina Rees CBE writer broadcaster and preacher Each page left me feeling more empowered than the last Ruth Akinradewo Press Red Ambassador

prolegomena to that analysis of the sexual instinct which must form the chief part of an investigation into the psychology of sex The first sketches the main outlines of a complex emotional state which is of fundamental importance in sexual psychology the second by bringing together evidence from widely different regions suggests a tentative explanation of facts that are still imperfectly known the third attempts to show that even in fields where we assume our knowledge to be adequate a broader view of the phenomena teaches us to suspend judgment and to adopt a more cautious attitude So far as they go these studies are complete in themselves their special use as an introduction to a more comprehensive analysis of sexual phenomena is that they bring before us under varying aspects a characteristic which though often ignored is of the first importance in obtaining a clear understanding of the facts the tendency of the sexual impulse to appear in a spontaneous and to some extent periodic manner affecting women differently from men This is a tendency which later I hope to make still more apparent for it has practical and social as well as psychological implications Here and more especially in the study of those spontaneous solitary manifestations which I call auto erotic I have attempted to clear the ground and to indicate the main lines along which the progress of our knowledge in these fields may best be attained
