El-Hi Textbooks & Serials in Print, 2003 ,2003    **El-Hi Textbooks & Serials in Print, 2005** ,2005    El-Hi Textbooks and Serials in Print ,2006    *California in a Time of Excellence* James Andrew LaSpina,2009-02-26 Follows California's efforts at reforming the public school system from 1983 to the present    **Contested Curriculum** Don Romesburg,2025-04-15 Today many states have proposed so called Don't Say Gay bills that prohibit public school teachers from mentioning LGBTQ topics in the classroom. But a few states like California have taken decisive steps in the other direction. They mandate inclusive education that treats LGBTQ history as essential to the curriculum. At once a history of an evolving movement and an activist handbook, **Contested Curriculum** navigates the rocky path to LGBTQ inclusive K-12 history education in the United States and recounts the fight for a curriculum that recognizes the value of queer and trans lives. What began in fits and starts in activism and educational materials across the late twentieth century led to the passage of California's landmark FAIR Education Act in 2011, ensuring that LGBTQ history has a place in the K-12 classroom. Historian Don Romesburg, the lead scholar who worked with advocacy organizations to pass the act, recounts the decades-long struggle to integrate LGBTQ content into history education policy, textbooks, and classrooms. Looking at California and states that followed its lead, he assesses the challenges and opportunities presented by this new way of teaching history. Romesburg's powerful case for LGBTQ inclusive education is all the more urgent in this era of anti-gay book bans, regressive legislation, and attempts to diminish the vital role that inclusive and honest history education should play in a democratic nation.
