Medea is a cautionary tale for our era Jason and Medea s marriage favored by the gods represents an attempt at a union of
opposites very far from each other They represent the masculine and feminine principles covering a wide range of
psychological sociological and historical aspects This synthesis fails In the myth as Euripides presents it the failure is caused
by Jason s regression and submission to the exclusivity of the patriarchal principle the Old King Medea who not only
represents the feminine but also the forces of Nature and Transformation is profoundly incompatible with this regression She
reacts She destroys and creates havoc This is what the unconscious does when it is not heard or denied In the end Medea is
saved by the gods the divine principles or psychic laws that regulate the laws of Nature and Transformation in the psyche
