**The Fairy Queen** Cynthia A Sears, 2016-08-24 The Abandoned Kingdom Lord Akir was tired of fighting senseless wars for a bloodthirsty greedy king He dreamed of starting a kingdom where his men could live in peace and benefit from their loyalty and hard work This dream seemed unlikely until Lord Akir was approached by a wizard claiming to have had a vision of an abandoned kingdom far to the unexplored north Lord Akir was a practical man who thought that all wizards were charlatans but there was something different about this wizard Deciding to take a chance Lord Akir sails north with several ships and discovers a lush kingdom which is indeed abandoned as the wizard predicted Now the wizard suggests that they sail farther north where he maintains lies the Fairy Kingdom claiming the legendary fairies would help Lord Akir establish his new kingdom Lord Akir is no fool He knows that the wizard has his own reasons for wishing to visit the Fairy Kingdom and as soon as their interests no longer aligned there would be trouble *A Friend of the Queen* Paul Gaulot, 1894 **Remaking Queen Victoria** Margaret Homans, Adrienne Munich, 1997-10-02 Queen Victoria's central importance to the era defined by her reign is self evident and yet it has been surprisingly overlooked in the study of Victorian culture This collection of essays goes beyond the facts of biography and official history to explore the diverse and sometimes conflicting meanings she held for her subjects around the world and even for those outside her empire who made of her a multifaceted icon serving their social and economic needs In her paradoxical position as neither consort nor king she baffled expectations throughout her reign She was a model of wifely decorum and solid middle class values but she also became the focus of anxieties about powerful women and increasingly of anger about Britain's imperial aims Each essay analyses a different aspect of this complex and fascinating figure Contributors include noted scholars in the field of literature cultural studies art history and women's studies *The Masked Queen* Kevin Morris, 2001 Aurora the banished Goddess courts the forces of evil to save her precious city Meara Agent of Light scouts the enemy with a protector who can barely be trusted Kaia the outcast warrior must embrace her heritage to ensure her nation's survival Ensnaring them all is the threat of the Shadow Queen an invincible foe birthed by arrogance Sequel to *The Shattered Tower* *The Masked Queen* continues *The Godfall Saga* a story of courage faith and the power of humility **Marie Antoinette's Confidante** Geri Walton, 2016-09-30 The true story of the woman who befriended the last queen of France and the price she paid for her devotion Perhaps no one knew Marie Antoinette better than one of her closest confidantes Marie Thérèse the Princess de Lamballe The princess became superintendent of the queen's household in 1774 and through her relationship with Marie Antoinette she gained a unique perspective of the lavishness and daily intrigue at Versailles Born into the famous House of Savoy in Turin Italy Marie Thérèse was married at the age of seventeen to the Prince de Lamballe heir to one of the richest fortunes in France He transported her to the gold leafed and glittering chandeliered halls of the Chateau de Versailles where she soon found herself immersed in the political and sexual scandals that surrounded the royal court As the plotters and planners of Versailles sought at all costs

to gain the favor of Louis XVI and his queen the Princess de Lamballe was there to witness it all This book reveals the Princess de Lamballe s version of these events and is based on a wide variety of historical sources helping to capture the waning days and grisly demise of the French monarchy The story immerses you in a world of titillating sexual rumors bloodthirsty revolutionaries and hair raising escape attempts a must read for anyone interested in Marie Antoinette the origins of the French Revolution or life in the late eighteenth century
