**The Form of American Romance** Edgar Dryden, 2019-12-01 Originally published in 1988 Edgar Dryden challenges recent criticism that has tended to discredit or at least devalue the importance of romance as a thematic and generic category of American fiction In *The Form of American Romance* he examines its evolution and meaning through readings of five exemplary texts Hawthorne's *Marble Faun* Melville's *Pierre* James's *Portrait of a Lady* Faulkner's *Absalom Absalom* and Barth's *Letters* Each of these novels treats the problems of reading and writing in a self-referential way that reflects on the questions they dramatize and Dryden has chosen each with the others in mind Taken together they chart a line of development with representative examples of what literary history calls romanticism realism modernism and postmodernism and thus they suggest a certain story about the continuity of the American novel [Six Essays on the Young German Novel](#) Jeffrey L. Sammons, 1972 *The Other Side of the Story* Molly Hite, 2018-03-15 No detailed description available for *The Other Side of the Story* [Gender and the Modern Research University](#) Patricia M. Mazón, 2003 In the 1890s German feminists fighting for female higher education envied American women their small colleges Yet by 1910 German women could study at any German university a level of educational access not reached by American women until the 1960s This book investigates this development as well as the cultural significance of the tremendous debate generated by aspiring female students Central to Mazón's analysis is the concept of academic citizenship a complex discourse permeating German student life Shaped by this ideal the student years were a crucial stage in the formation of masculine identity in the educated middle class and a female student was unthinkable Only by emphasizing the need for female gynecologists and teachers did the women's movement carve out a niche for academic women Because the nineteenth-century German university was the model for the modern research university the controversy resonates with contemporary American debates surrounding multiculturalism and higher education [Captain Marryat's novels](#) Frederick Marryat, 1896 [Catalogue of Printed Books in the Library of the British Museum](#) British Museum. creation and in their reception This also allows examination of the complex and changing relationship between human subjectivity and aesthetics This volume is a highly reflective dialogue introspective and evaluative at a moment of crisis within modernist studies and feminist studies The analysis of critical work on early twentieth century literature not only helps reread and redefine a definition of modernism it also intends to redirect and reintegrate feminist theory     **British Museum Catalogue of printed Books** ,1884     *Catalogue of Books in the Central Library of the City of Syracuse* Syracuse (N.Y.).
