Human Muscular Function During Dynamic Exercise

Pierre Marconnet,1996 During exercise and training muscular function plays a central role not only in how we perform but also in how we respond physiologically to a variety of strains Although muscular function has been frequently investigated in animal models it has rarely been fully examined under the conditions of human locomotion This book brings together newly acquired information from a wide range of experiments showing for the first time exactly how human muscles respond and perform during physical activity Four key sections present readers with an excellent source of knowledge on muscle energetics efficiency adaptation and fatigue and damage Among the many topics discussed it examines the ability of humans to sustain and generate mechanical power output during human locomotion and looks at how body mass and other factors influence the mechanics of distance running It will become a lasting reference for sport scientists coaches physicians and athletes

Sports Medicine for Coaches and Trainers Edward J. Shahady,Michael J. Petrizzi,1991 More than 90 percent of youths who participate in organized athletic events do so without a certified trainer available Schools rely on coaches and student or teacher trainers who may have only a rudimentary knowledge of injuries and their treatment and municipal recreation leagues often do not have any staff member available to assist injured youngsters Sports Medicine for Coaches and Trainers provides clear and comprehensive instructions for recognizing and treating common sports injuries This invaluable resource should be on the sidelines during every practice session and every competition involving young athletes Following an introduction to some of the general principles of sports medicine the book focuses on diagnosing specific injuries from cuts and bumps to sprains dislocations and separations and broken bones Other chapters examine such related issues as drug abuse including steroids nutrition special concerns for female athletes and sports psychology A final section discusses the roles and responsibilities of coaches teacher trainers and team physicians in providing a safe environment for young athletes Sports Medicine for Coaches and Trainers should be useful not only to coaches and trainers from the elementary school to the college level but also to volunteers in community recreation programs camp counselors scouting leaders and health paraprofessionals
