Practical Lexicography Thierry Fontenelle, 2008-01-24 This book collects and introduces some of the best and most useful work in practical lexicography. It has been designed as a resource for students and scholars of lexicography and lexicology and to be an essential reference for professional lexicographers. It focusses on central issues in the field and covers topics hotly debated in lexicography circles. After a full contextual introduction, Thierry Fontenelle divides the book into twelve parts: theoretical perspectives, corpus design, lexicographical evidence, word senses and polysemy, collocations and idioms, definitions, examples, grammar and usage, bilingual lexicography, tools and methods, semantic networks, and how dictionaries are used. The book is fully referenced and indexed. The reader may be used independently for reference or as reading material for a course of study. It is an essential companion for *The Oxford Guide to Practical Lexicography* by Sue Atkins and Michael Rundell, published by OUP in 2008.

The Fincham Collection Thomas Fincham, 2016-01-05 Get three of Thomas Fincham's bestselling novels in one discounted box set: *THE PAPERBOYS CLUB*, a paranormal mystery. As Samantha investigates the murder, she gets closer and closer to knowing the truth that could ultimately destroy her family. *THE BLUE HORNET*, a comedy mystery. Parking Officer Jon Rupret wants desperately to move up from handing out parking tickets. An impulsive act from his past throws him into a special drug investigation. Jon quickly realizes he is in way over his head when a dangerous and violent group threatens to flood the city with a new drug. *THE OCTOBER FIVE*, a military mystery. Veteran Detective Karl Whaler is thrown into an investigation that may be the strangest and most dangerous of his career, involving the brutal murder of a young man. Unknown to him, five individuals have secretly met in a room for decades. When another victim is found, Whaler is forced to make a decision that will change his life forever.
