**Black Crescent** Michael A. Gomez,2005-03-21 Beginning with Latin America in the fifteenth century this book first published in 2005 is a social history of the experiences of African

Muslims and their descendants throughout the Americas including the Caribbean The record under slavery is examined as is

the post slavery period into the twentieth century The experiences vary arguably due to some extent to the Old World context

Muslim revolts in Brazil are also discussed especially in 1835 by way of a nuanced analysis The second part of the book looks

at the emergence of Islam among the African descended in the United States in the twentieth century with successive chapters on Noble Drew Ali Elijah Muhammad and Malcolm X with a view to explaining how orthodoxy arose from varied unorthodox roots     Bulletin Tennessee Folklore Society,1991 Includes music unaccompanied melodies     *Cyndi's List* Cyndi Howells,1999 REF Ths is a multi title review The titles include Cyndi s List 880 pg Instant Information on the Internet 117 pg and Instant Information on the Internet 86 pg Although Internet directories such as Howells s wildly popular site www cyndislist com offer well organized access to genealogy sites online many researchers still want to plan searches with a book in hand Now Howells Netting Your Ancestors has created a print version with some exceptions of her web site Including over 100 categories and over 40 000 links most with brief annotations this book has something for nearly any genealogy related topic that comes to mind Schaefer s Instant Information series offers pared down compilations of basic information search sites Her book on the United States categorizes web sites by state and includes vital records information sites prominent research libraries and societies indexes and databases and general information sites In the British Isles book Schaefer discusses British counties and expands her lists to include major sites for churches and the Celtic language as well as a place name index All three books provide easy access to useful genealogy sites While Howells strives for exhaustive coverage of genealogy links Schaefer offers very general site lists Though Howells s book comes with a solid price tag the purchase of each new and planned title in Schaefer s series would quickly rack up the same price or more Still for those who want only a brief focused guide Schaefer s books are an economical alternative Elaine M Kuhn Allen Cty P L Fort Wayne IN
