The Martyred Christian:

Early Christian Martyr Stories Bryan M. Litfin, 2014-09-30 Personal narratives are powerful instruments for teaching both for conveying information and for forming character. The martyrdom accounts preserved in the literature of early Christianity are especially intense and dramatic. However these narratives are not readily available and are often written in intimidating prose making them largely inaccessible for the average reader. This introductory text brings together key early Christian martyrdom stories in a single volume offering new easy to read translations and expert commentary. An introduction and explanatory notes accompany each translation. The book not only provides a vivid window into the world of early Christianity but also offers spiritual encouragement and inspiration for Christian life today.

I Am A Christian Anthony P. Schiavo, Jr., 2018-09-17 Jesus never existed. The Bible is a book of fairy tales. Accounts of Christian persecution are fables. Christians of today face ridiculous claims of this type on a regular basis. These charges gain traction in the modern world because the average person has practically no knowledge of the Church's ancient past. *I Am A Christian: Authentic Accounts of Christian Martyrdom and Persecution from the Ancient Sources* aims to remedy this deficiency. The works collected in this book represent some of the most trustworthy first hand accounts of the triumphs and travails of the early Church that have survived antiquity. These include several authentic transcripts of Roman legal proceedings against Christians along with obscure but fascinating historical works that are unfamiliar to even the most informed Christians of today. In several cases readers will be presented with the actual words of the martyrs themselves. In others they will read accounts penned by eye witnesses or authors writing within the living memory of the events themselves. Taken together these works form a glorious record of early Christian zeal and fortitude in the face of aggressive state persecution. When reading them one notices a common refrain when questioned the accused would cry out *I am a Christian* which was the equivalent of saying *I am guilty as charged*. In an era when such an admission carried a death sentence these authentic testimonies provide a convincing answer to modern skeptics who will find them as baffling as did the ancient Roman emperors proconsuls and magistrates of nearly two millennia ago.

The Martyrs François-René vicomte de Chateaubriand, 1812 *The New Book of Christian Martyrs* Johnnie Moore, Jerry Pattengale, 2023-03-07 An inspiring keepsake that honors the heroic sacrifice of today's martyrs for the Christian faith and shows how their actions mirror the courage of a long line of brave Christians. In the twenty first century we are witnessing an escalation in Christian persecution like we have rarely seen since the first century. Many people don't realize that today thousands of Christians are dying cruel deaths throughout much of the world. There were in fact more martyrs in the last century than in all the previous Christian centuries combined. Millions have given their lives since the fall of Rome and today tens of thousands die annually for their faith in Jesus. Most of these modern stories are not legendary in fact many are unknown. *The New Book of Christian Martyrs* commemorates those modern day heroes. In this update to Foxe's Book of Martyrs Johnnie Moore and Jerry Pattengale highlight key martyrs of past centuries and feature

stories of contemporary martyrs around the world Through tears Johnnie and Jerry offer this compendium of heroes from the first century to the twenty first century from Europe to Africa and from Asia to the Americas to inspire Christians around the globe Today we live in solidarity with them and in the next life we will rejoice by their side We will never forget their sacrifice for the truth *The Wiley Blackwell Companion to Christian Martyrdom* Paul Middleton,2020-04-06 A unique wide ranging volume exploring the historical religious cultural political and social aspects of Christian martyrdom Although a well studied and researched topic in early Christianity martyrdom had become a relatively neglected subject of scholarship by the latter half of the 20th century However in the years following the attack on the Twin Towers on September 11 2001 the study of martyrdom has experienced a remarkable resurgence Heightened cultural religious and political debates about Islamic martyrdom have in a large part prompted increased interest in the role of martyrdom in the Christian tradition The Wiley Blackwell Companion to Christian Martyrdom is a comprehensive examination of the phenomenon from its beginnings to its role in the present day This timely volume presents essays written by 30 prominent scholars that explore the fundamental concepts key questions and contemporary debates surrounding martyrdom in Christianity Broad in scope this volume explores topics ranging from the origins influences and theology of martyrdom in the early church with particular emphasis placed on the Martyr Acts to contemporary issues of gender identity construction and the place of martyrdom in the modern church Essays address the role of martyrdom after the establishment of Christendom especially its crucial contribution during and after the Reformation period in the development of Christian and European national building as well as its role in forming Christian identities in Asia Africa and the Americas This important contribution to Christian scholarship Offers the first comprehensive reference work to examine the topic of martyrdom throughout Christian history Includes an exploration of martyrdom and its links to traditions in Judaism and Islam Covers extensive geographical zones time periods and perspectives Provides topical commentary on Islamic martyrdom and its parallels to the Christian church Discusses hotly debated topics such as the extent of the Roman persecution of early Christians The Wiley Blackwell Companion to Christian Martyrdom is an invaluable resource for scholars and students of religious studies theology and Christian history as well as readers with interest in the topic of Christian martyrdom *The Martyr's Oath* Johnnie Moore,2017-10-10 Be Inspired by Amazing Eyewitness Stories of Hope and Courage from the Persecuted Church We are witnessing an astonishing escalation in Christian persecution like we have rarely seen since the first century Some estimate that every five minutes a Christian is martyred for his or her faith Countries like Egypt have experienced more Christian persecution in the last five years than in the previous six hundred years combined And who could have missed the atrocities of ISIS in Syria Boko Haram in Nigeria and the continued persecution of Christians in North Korea Johnnie Moore like many American Christians didn t fully appreciate the extent of what was going on until he witnessed the graduation of theology students in India Unlike graduation ceremonies in America where feel good speeches made by visiting celebrities are common this one featured a remarkable

oath It wasn't an oath to excel or succeed It was an oath to be willing to die if necessary for the cause of Christ This was no empty promise This was a choice choosing the eternal over the temporal Johnnie knew he was witnessing a raw first century Christianity that his comfortable American version had shielded him from For the first time I really understand my faith says Johnnie Moore Now he's on a mission to give this same experience to others He and his team have crisscrossed the world recorders in hand gathering eyewitness accounts from dozens of people who survived persecution and the stories of some who didn't Join Johnnie Moore on this compelling journey to the heart of the Christian faith **Book of Martyrs** John Foxe, 1832 *Foxe's Christian Martyrs* John Foxe, 2010 Whether your preference is for fiction or nonfiction you're sure to find a favorite in Barbour's new abridged and updated classics line These quick reads will fit perfectly into your busy life

Foxe: Voices of the Martyrs John Foxe, *The Voice of the Martyrs*, 2019-10-08 What would you do for the cross of Christ For two thousand years Christians have courageously triumphed over beatings stonings burnings wild beasts and every form of evil to boldly proclaim one truth the name of Jesus Voices of the Martyrs AD 33 Today is their story and your Christian heritage In the 16th century English preacher John Foxe created what would later be called the second most important book in history after the Bible Foxe's Book of Martyrs With dozens of images modernized English and up to date accounts Foxe Voices of the Martyrs faithfully binds the testimonies of more than 50 of Foxe's heroes from the Early Church to the Reformation with Christians in the Enlightenment the Industrial Revolution and through the twentieth century More importantly Foxe Voices of the Martyrs unites past Christians with believers today Building on over fifty years of ministry to persecuted Christians The Voice of the Martyrs organization shares sixty seven stories of Christians who have stood faithfully to the death since 2000 Their courage in the face of ISIS and the Taliban brutal dictatorships and government crackdowns will inspire you to boldness and remind you that the same Spirit of Christ Who strengthened Stephen Peter and Paul is at work in you today *Christian Martyrdom and Christian Violence* Matthew D. Lundberg, 2021 What is the place if any for violence in the Christian life This book explores this question by analyzing a paradox of mainstream Christian history theology and ethics At the heart of the Christian story the suffering of violence stands as the price of faithfulness From Jesus himself to martyrs who have died while following him at the core of Christian faith is an experience of being victimized by the world's violence At the same time the majority opinion for most of Christian history has held that there are situations when the follower of Jesus may be justified in inflicting violence on others especially in the context of war Do these two facets of Christian ethics and experience martyrdom and the just war represent a contradiction the self-defeating irony of those who follow a Lord who refused to defend himself taking up deadly weapons In arguing that they do not the book contends that any meaningful coherence between a theology of martyrdom and commitment to a just war ethic requires shifts away from a common heroic conception of Christian martyrdom and a common secularized Realpolitik conception of necessary violence Instead it requires a view of martyrdom that acknowledges even the martyrs as subject to the ambiguities of the human

condition even as they present a compelling witness to Jesus and the way of the cross And it requires an approach to justified violence that reflects the self sacrificial ethos of Jesus displayed in the lives of true Christian martyrs

Martyrdom: A Guide for the Perplexed Paul Middleton, 2011-06-02 It can be said almost without exaggeration that martyrdom has become one of the most pressing theological issues facing the contemporary world Since the attack on the World Trade Center in 2001 the world has had to face up to an Islamic manifestation of martyrdom Martyrdom has a long history as long as individuals have been dying for their faith or cause others have been telling and more importantly interpreting their stories These martyrologies are essentially conflict stories Whether a Christian confessing her faith before a bemused Roman governor or a suicide bomber blowing himself up in a crowded cafe in Jerusalem the way these stories are recounted positively or negatively reflect a wider conflict in which the narrator and his community find themselves Martyr narratives whether textual oral or even a CNN news report do more than simply report a death they also contain the interpretative framework by which that death is understood again positively or negatively When the death of a martyr is reported the way in which that story is told places that death within a larger narrative of conflict which may be regional global or even cosmic The martyr becomes a symbol of the community's desires and hopes or for that matter their terrors and fears but in either case the martyr is representative of a larger struggle and often martyrology contains the vision of how the community envisages final victory over their enemy This book aims to illuminate the way these conflict stories have been told and function principally though not exclusively within Christian Jewish and Islamic communities Continuum's Guides for the Perplexed are clear concise and accessible introductions to thinkers writers and subjects that students and readers can find especially challenging or indeed downright bewildering Concentrating specifically on what it is that makes the subject difficult to grasp these books explain and explore key themes and ideas guiding the reader towards a thorough understanding of demanding material

Fox's Book of Martyrs - A History of the Lives, Sufferings and Triumphant Deaths of the Early Christian and Protestant Martyrs William Byron Forbush, 2008-11 FOX'S BOOK OF MARTYRS A HISTORY OF THE LIVES SUFFERINGS AND TRIUMPHANT DEATHS OF THE EARLY CHRISTIAN AND THE PROTESTANT MARTYRS Edited by WILLIAM BYRON FORBUSH Originally published in 1926 FOX'S BOOK OF MARTYRS When one recollects that until the appearance of the Pilgrims Progress the common people had almost no other reading matter except the Bible and Fox's Book of Martyrs we can understand the deep impression that this book produced and how it served to mold the national character Those who could read for themselves learned the full details of all the atrocities performed on the Protestant reformers the illiterate could see the rude illustrations of the various instruments of torture the rack the gridiron the boiling oil and then the holy ones breathing out their souls amid the flames Take a people just awakening to a new intellectual and religious life let several generations of them from childhood to old age pore over such a book and its stories become traditions as individual and almost as potent as songs and customs on a nation's life DOUGLAS CAMPBELL The Puritan in Holland England and America

Perfect Martyr Shelly Matthews, 2012-07-12 This book analyzes the story of Stephen the first Christian martyr both in terms of rhetorical fittingness and Christian tradition concerning the significance of his dying forgiveness prayer It questions the historicity of the account of his death underscores Acts rhetorical violence and reads Acts against narratives of the martyrdom of James as a means to a richer history of early Jewish Christian relations **Rethinking Christian Martyrdom** Matthew Recla, 2022-10-20 This book argues that we have been mistaken about the fundamental assumption that Christianity is the key to understanding the Christian martyr Examining martyrdom in early Christian history Matt Recla argues that the violent deaths of martyrs real and imagined were appropriated for Christian institutional life Through deconstructing martyrdom and appreciating the complexity of the martyr we recognize martyrdom not as a socio historical phenomenon inherent to particular ideologies and not as a religious identity but as the institutional co optation of violence The Christian apologist Tertullian argued that the blood of the martyrs was the seed of the Church but while the seed may be the key to martyrdom the blood is the key to the martyr The book shows how martyrs exceed the bounds of institutional narrative

Centering analysis of martyrdom first around the martyr's existential difference and the complex biological psychological and socio cultural factors that lead to willing death this book sheds new light on the motivations of martyrs our fascination with them and the parasitic relationship of religion to violent death In challenging long held beliefs about the praiseworthiness of martyrdom this book is of interest to scholars of religion as well as those concerned about the relationship between religion and violence
