Neff,2005 In his estimation Northerners were just as active as Southerners in myth making after the war Crafting a Cause
Victorious myth that was every bit as resonant and powerful as the much better known Lost Cause myth cherished by
Southerners the North asserted through commemorations the existence of a loyal and reunified nation long before it was
actually a fact Neff reveals that as Northerners and Southerners honored their separate dead they did so in ways that
underscore the limits of reconciliation between Union and Confederate veterans whose mutual animosities lingered for many
decades after the need of the war Ultimately Neff argues that the process of reunion and reconciliation that has been so
much the focus of recent literature either neglects or dismisses the persistent reluctance of both Northerners and
Southerners to forgive and forget especially where their dead were concerned **Smithsonian studies in history and**
