Yanow,2002-11-07 What do we mean in the U S today when we use the terms race and ethnicity What do we mean and what do we understand when we use the five standard race ethnic categories White Black Asian Native American and Hispanic Most federal and state data collection agencies use these terms without explicit attention and thereby create categories of American ethnicity for political purposes Dvora Yanow argues that race and ethnicity are socially constructed concepts not objective scientifically grounded variables and do not accurately represent the real world She joins the growing critique of the unreflective use of race and ethnicity in American policymaking through an exploration of how these terms are used in everyday practices Her book is filled with current examples and analyses from a wealth of social institutions health care education criminal justice and government at all levels The questions she raises for society and public policy are endless Yanow maintains that these issues must be addressed explicitly publicly and nationally if we are to make our policy and administrative institutions operate more effectively *Statistics in Plain English* Timothy C. Urdan,2010 This inexpensive paperback provides a brief simple overview of statistics to help readers gain a better understanding of how statistics work and how to interpret them correctly Each chapter describes a different statistical technique ranging from basic concepts like central tendency and describing distributions to more advanced concepts such as t tests regression repeated measures ANOVA and factor analysis Each chapter begins with a short description of the statistic and when it should be used This is followed by a more in depth explanation of how the statistic works Finally each chapter ends with an example of the statistic in use and a sample of how the results of analyses using the statistic might be written up for publication A glossary of statistical terms and symbols is also included New features in the third edition include a new chapter on Factor and Reliability Analysis especially helpful to those who do and or read survey research new Writing it Up sections demonstrate how to write about and interpret statistics seen in books and journals a website at <http://www.psyppress.com/statistics-in-plain>
