TABLE B.1 THE UNIT NORMAL TABLE*

*Column A lists z -score values. A vertical line drawn through a normal distribution at a z -score location divides the distribution into two sections.

Column B identifies the proportion in the larger section, called the *body*.

Column C identifies the proportion in the smaller section, called the *tail*.

Column D identifies the proportion between the mean and the z -score.

Note: Because the normal distribution is symmetrical, the proportions for negative z -scores are the same as those for positive z -scores.
