Eerie Whispers Brian Baker,2025-09-30 Why are Canadians afraid of ghosts Canada s paranormal roots run deep We tell ghost stories around flickering campfires and share unexplained encounters with family and friends Yet our polite risk averse nation often buries these experiences rarely encouraging them in the places we live or in our arts and entertainment Fear of stigma and discomfort with the unknown especially death keep the supernatural in the shadows We allow only flirtations with ghosts ghouls and goblins mostly at Halloween Eerie Whispers explores Canada s haunted history drawing from the diverse folklore of its immigrant communities and the traditional stories of Indigenous Peoples It asks why Canadians unlike Americans or the British are reluctant to celebrate this part of our culture Brian Baker encourages us to embrace the uncanny and find the courage needed to amplify our nation s supernatural voice

The River That Made Seattle BJ Cummings,2020-07-15 Restores the river to its central place in the city s history With bountiful salmon and fertile plains the Duwamish River has drawn people to its shores over the centuries for trading transport and sustenance Chief Sealth and his allies fished and lived in villages here and white settlers established their first settlements nearby Industrialists later straightened the river s natural turns and built factories on its banks floating in raw materials and shipping out airplane parts cement and steel Unfortunately the very utility of the river has been its undoing as decades of dumping led to the river being declared a Superfund cleanup site Using previously unpublished accounts by Indigenous people and settlers BJ Cummings s compelling narrative restores the Duwamish River to its central place in Seattle and Pacific Northwest history Writing from the perspective of environmental justice and herself a key figure in river restoration efforts Cummings vividly portrays the people and conflicts that shaped the region s culture and natural environment She conducted research with members of the Duwamish Tribe with whom she has long worked as an advocate Cummings shares the river s story as a call for action in aligning decisions about the river and its future with values of collaboration respect and justice

Seduction of the Gullible John Wiley Martin,2007 The video nasties scare was one of the more memorable and unbelievable media sensations of the 1980s The influx of cheap foreign sex and gore shockers outraged the tabloids and the chattering classes and led ultimately to the Video Recordings Act which made Britain s already strict censorship laws some of the strongest in Europe John Martin runs down the whys and wherefores of the entire scandal and categorises the nasties from Absurd to Zombie Creeping Flesh

Hunger for the Wild Michael L. Johnson,2007 Americans have had an enduring yet ambivalent obsession with the West as both a place and a state of mind Michael L Johnson considers how that obsession originated how it has determined attitudes toward and activities in the West and how it has changed over the centuries
