The Defense Of Berlin:

The Defense of Berlin Jean Edward Smith,1994 *The German Defense Of Berlin* Oberst a.D. Wilhem

Willemar,2015-11-06 Often written during imprisonment in Allied War camps by former German officers with their memories of the World War fresh in their minds The Foreign Military Studies series offers rare glimpses into the Third Reich In this study Oberst a D Wilhem Willemar discusses his recollections of the climatic battle for Berlin from within the Wehrmacht No cohesive over all plan for the defense of Berlin was ever actually prepared All that existed was the stubborn determination of Hitler to defend the capital of the Reich Circumstances were such that he gave no thought to defending the city until it was much too late for any kind of advance planning Thus the city s defense was characterized only by a mass of improvisations These reveal a state of total confusion in which the pressure of the enemy the organizational chaos on the German side and the catastrophic shortage of human and material resources for the defense combined with disastrous effect The author describes these conditions in a clear accurate report which I rate very highly He goes beyond the more narrow concept of planning and offers the first German account of the defense of Berlin to be based upon thorough research I attach great importance to this study from the standpoint of military history and concur with the military opinions expressed by the author Foreword by Generaloberst a D Franz Halder The Battle of Berlin Motly Ranke M'Cauley,1890 **Race for the**

Reichstag Tony Le Tissier,2010-04-30 The acclaimed historian s classic account of the Battle for Berlin offers unprecedented detail and insight into the final days of WWII in Europe This authoritative study dispels the myths created by Soviet propaganda and describes the Red Army s final offensive against Nazi Germany in graphic detail For the Soviets Berlin and the Reichstag in particular was seen as the ultimate prize Stalin had initially promised Berlin to Marshal Zhukov But after Zhukov blundered a preliminary battle Stalin allowed Marshal Koniev Zhukov s rival to launch one of his powerful tank armies at the city The advancing Soviet forces were confronted by a desperate inadequate German defense General Weidling s panzer corps was dragged into the city in a futile attempt to prolong the existence of the Third Reich whose leaders squabbled and schemed in their underground shelters Ten days later after the suicides of Hitler and Goebbels the survivors had to choose between breakout and surrender Drawing on a wide range of Soviet sources and unprecedented access to German archival and memoir materials Race for the Reichstag brings into startling focus the bitter fight for the last patch of soil under Wehrmacht control The German Defense of Berlin Wilhelm Willemer,1953 **The Battle for Berlin** John

Strawson,2005-04-01 This is the story of the last few months of the struggle for Europe the January battles the summit meeting at Yalta the Rhine and Oder crossings the capture of Berlin itself and the plight of the Berliners among whom Hitler lived out his last days Not until Berlin was captured could the Second World War be said to be over and General Strawson who lived through those stirring days has written a riveting account of them Published to coincide with the 60th anniversary of the fall of Berlin this book is both comprehensive and comprehensible concentrating on the strategy and tactics of the

forces involved rather than the terrible human tragedy that ensued as the bitter fighting drew to a close *The Last Battle*
Cornelius Ryan,2015-06-18 The Battle for Berlin was the final struggle of World War II in the European theatre the last offensive against Hitler s Third Reich which devastated one of Europe s historic capitals and brought an end to the Nazi regime It lasted more than two weeks across April May 1945 and was one of the bloodiest and most pivotal episodes of the war one which would play a part in determining the shape of international politics for decades to come THE LAST BATTLE is a story of brutal extremes of stunning military triumph alongside the stark conditions that the civilians of Berlin experienced in the face of the Allied assault It is history at its best a masterful illumination of the effects of war on the lives of individuals and one of the enduring works on World War II [The Battle of Berlin 1945](#)[The Battle of Berlin](#) Tony Le Tissier,2022-01-27

A critically acclaimed impartial account of the twilight of the Third Reich **The Greatest Battles in History** Charles River Charles River Editors,2015-02-04 Includes pictures Includes accounts of the fighting by Berlin residents and Soviet soldiers Includes footnotes and a bibliography for further reading Includes a table of contents On the walls of the houses we saw Goebbels appeals hurriedly scrawled in white paint Every German will defend his capital We shall stop the Red hordes at the walls of our Berlin Just try and stop them Steel pillboxes barricades mines traps suicide squads with grenades clutched in their hands all are swept aside before the tidal wave Drizzling rain began to fall Near Bisdorf I saw batteries preparing to open fire What are the targets I asked the battery commander Centre of Berlin Spree bridges and the northern and Stettin railway stations he answered Then came the tremendous words of command Open fire on the capital of the Fascist Germany I noted the time It was exactly 8 30 a m on 22 April Ninety six shells fell in the centre of Berlin in the course of a few minutes A Soviet war correspondent While much has been written of the Battle of the Bulge Okinawa Midway Stalingrad and many other conflicts of the Second World War the Battle for Berlin has remained in the shadows for many historians Its importance in toppling Hitler cannot be denied despite the fact that some thought its strategic value unnecessary to the war itself The capture of the city and the red Soviet banner hanging victorious over the Reichstag is one of history s most famous an ominous images In the weeks it took for the Battle of Berlin to be fought an American president passed away a British Prime Minister had to make concessions he did not desire a Russian leader fought his way into Western Europe to stay and a German one took his own life The battle s implications would be felt for the next 50 years In April 1945 the Allies were within sight of the German capital of Berlin but Hitler refused to acknowledge the collapsed state of the German military effort even at this desperate stage and he confined himself to his Berlin bunker where he met for prolonged periods only with those that professed eternal loyalty even to the point of death In his last weeks Hitler continued to blame the incompetence of military officers for Germany s apparent failings and he even blamed the German people themselves for a lack of spirit and strength As their leader dwelled in a state of self pity without remorse or mercy but near suicide the people of Berlin were simply left to await their fate as Russians advanced from the east and the other Allies advanced from the west Most Berliners had given

up hope of a win and few cared for anything but relief from their circumstances but Berliners did have a deep fear of which of the victor nations would arrive in Berlin first The Soviets closing in from hard fought battles in the east had lost millions of men in the war already and with an invasion force 2 5 million strong they longed for revenge and a chance to right the wrongs of not only this war but the last Even for Berliners too exhausted to be saddened by a German loss liberation by the Soviets was unthinkable At the same time though most believed it would not happen the Americans and British suddenly appeared to shift priorities regarding the need to take the actual capital city Since it was no longer a military objective according to Eisenhower it would be left for the Soviet armies to arrive in Berlin first bringing to fruition many Germans worst fears The battle would technically begin on April 16 1945 and though it ended in a matter of weeks it produced some of the war's most climactic events and had profound implications on the immediate future In the wake of the war the European continent was devastated leaving the Soviet Union and the United States as uncontested superpowers and ushering in nearly half a century of Cold War

Tony Le Tissier,2007 The battle of Berlin was truly a battle on an unprecedented scale The Soviets massed 1 600 000 troops for Operation Berlin and Marshal Zhukov in the centre had half of them but his initial attack floundered lasting four days instead of one and was so costly that he had to revise his plans for taking of the city and to revise them yet again when Stalin allowed his rival Marshal Koniev to intervene The battle for Berlin thus became a contest for the prize of the Reichstag fought in the sea of rubble left by Allied aerial bombardments now reduced further by the mass of Soviet siege artillery Meanwhile Hitler and his courtiers sought to continue the struggle in the totally unrealistic atmosphere that prevailed in his bunker while soldiers and civilians alike suffered and perished unheeded all around them
