

THE POWER OF FREEDOM

BY HENRY ALLEN MOE

The Power Of Freedom In Human Affairs

William Ellery Channing

The Power Of Freedom In Human Affairs:

Rudolf Steiner's Vision of Love Bernard Nesfield-Cookson,2011-03-14 Gathering together references to the logic of the heart from throughout Steiner's work the author encapsulates the great teacher's revelations on the meaning of love and indicates the supreme importance of the greatest of all deeds of love Cover *The Philosophy of Human Relations,*

Individual and Collective Henry Lester Smith,Harold Littell,1931 **The True Life** ,1890 **The Open Court** ,1887

The Institutes of the Law of Nations James Lorimer,1883 *Rethinking Political Crisis and Collapse* Antonio Calcagno,Mark Yenson,2026-01-08 By analyzing the concepts of political crisis and collapse in the works of Hannah Arendt and Simone Weil this book seeks to uncover possible responses to modern social and political crises while inciting new visions of hopeful political futures **Human Relations and Power** Albert Mueller-Deham,1957 **Nicholas of Cusa on**

the Trinitarian Structure of the Innate Criterion of Truth Paula Pico Estrada,2021-11-22 In Nicholas of Cusa on the Trinitarian Structure of the Innate Criterion of Truth Paula Pico Estrada offers an analysis of Nicholas of Cusa's 1401 1464 unitrine conception of the human power of judgment arguing that the innate criterion that guides human beings to their end is formed by a cognitive an affective and a social dimension and that it not only makes possible the systematization and evaluation of cognitive experience but also enables morality Based on a close reading of Cusanus philosophical treatises the study deepens our understanding of Nicholas of Cusa's epistemology showing that his anthropological conception integrates philosophy and theology **God of Love and God of Reason** David R. Mason,2016-02-18 These homilies lectures and

essays vigorously champion the author's conviction that it is reasonable to believe in a God of pure unbounded love and also that the best religion is a reasonable religion That is the God of Love is the God of Reason and as a seventeenth century Cambridge preacher put it If you would be religious be rational in your religion Thus these essays challenge both the New Atheists and Fundamentalists who are twins like Tweedledum and Tweedledee And they aim positively to unpack the meaning and implications of Jesus dictum You shall love the Lord your God with all your heart and with all your soul and with all your mind This is the greatest and first commandment And the second is like it You shall love your neighbor as yourself On these two commandments hang all the law and the prophets **Love** Pietro Archiati,2025-04-21 What our world needs most of all today is love because the deepest albeit often unacknowledged human longing of our time is the longing for true love Pietro Archiati The word love has become so hackneyed that it can mean almost anything Yet the concept or idea of love remains one of most unfathomable mysteries of human life Here in five carefully sculpted chapters Pietro Archiati takes up the challenge to illuminate and expand upon our understanding of this most fundamental and unique quality of human existence beginning with the great themes of Love and Hate the salt and pepper of life and concluding with Realism and Idealism Is it really possible to love the whole of humanity And how do we balance individual freedom with the ideal of fraternity Along this journey the author asks and addresses numerous questions such as What are the causes of sympathy

and antipathy and is love more than a feeling What do masculine and feminine really mean today and what role does sexuality play in freedom What value is the heart without the head and the head without the heart And what do the great religions in particular Islam and Christianity have to say on these subjects Archiati tackles the difficult and problematic topics of Love and Sexuality Love and Death and Love and Reason As a special focus he investigates the logic of the heart and what it can mean for humanity s future development **Human Relations in Administration** Robert Dubin,1968

Scribner's Monthly, an Illustrated Magazine for the People ,1886 *Mind* ,1888 **Miscellaneous Essays** Sir Archibald Alison,1850 **The Century Illustrated Monthly Magazine** ,1886 Current Literature ,1896 **Journal of Human Relations** ,1965 *The Meanings of Love* Bob Wagoner,1997-05-21 This introductory text offers a clear concise look at the philosophy of love The author s presentation assumes no previous knowledge of philosophy providing the humanities student with an insightful introduction to some of the most prominent writers and philosophers both ancient and modern From the dialogues of Plato to the writings of feminist philosopher Luce Irigaray Wagoner presents six major ideas of love erotic love Christian love romantic love moral love love as power and mutual love This study asserts that even though we have only one word for love six fundamentally different meanings can be distinguished erotic love Christian love romantic love moral love love as power and mutual love Wagoner identifies each of these ideas of love in terms of the special meaning it brings to experience No one meaning is comprehensive Each is shown to have a logic and legitimacy of its own Why each view seems real and compelling is the focus of separate discussions as well as the price that may be exacted by each idea The extent to which these ideas throw light on actual experience is striking but the book is not an empirical or psychological inquiry How one self finds itself in another is first defined and then explored further to see how this shapes the rational and sexual aspects of life **The Works of William E. Channing, D.D.** William Ellery Channing,1875 *The Works of William E. Channing* William Ellery Channing,1895
