The Power Of Play:

The Power of Play David Elkind,2007-12-25 From an expert in childhood development a book that emphasizes the importance of imaginative play and how it sets children up for success in the classroom While parents may worry that their children will be at a disadvantage if they are not engaged in constant explicit learning or using the latest educational games David Elkind's The Power of Play reassures us that unscheduled imaginative play is essential Through expert research and situational examples Elkind shows that creative spontaneous activity best sets the stage for academic learning An important contribution to the literature about how children learn The Power of Play suggests ways to restore play's respected place in children's lives It encourages parents to trust their instincts and resist the promise of the dubious array of educational products on the market geared to youngsters

The Power of Play George Kesselman,2023-11-29 Level up employee productivity creativity and inspiration at your workplace In The Power of Play The Game Design Approach to Transforming Employee Engagement the Managing Director for Willow Ventures a global insurance innovation leader George Kesselman delivers a one of a kind and exciting take on employee productivity and engagement He dives deep into increasing divergence between work and how we approach motivation and moving beyond the gamification of work exploring the motivational and behavioural elements behind the fun kind of problem solving we find in games and showing you how to apply them to your workplace In the book you'll discover how to apply the principles of game design to the professional environment so you can realize higher levels of motivation productivity and creativity from your teams You'll also find Strategies to make your workplace more enjoyable and improve talent recruitment and retention Practical insights into tapping into your employees intrinsic motivations to create a more satisfying work experience Discussions of how to identify core motivations combine them with clever design and help your employees achieve flow states of extraordinary productivity Perfect for managers executives directors entrepreneurs founders and other business leaders The Power of Play is also a can't miss resource for human resources and other people professionals seeking effective strategies to retain motivate and inspire their team members

The Power of Games William B Rouse,2024-09-18 Games have long played a central role in society actually a central role in the animal kingdom Their play provides primary behavioral mechanisms that enable animals to learn and socialize Indeed play is a core animal activity The principal focus of this book is on how games foster human playing learning and competing including how we can design games to do this better The author provides a wealth of real world examples of how he created games for clients in the domains of education energy healthcare national security and transportation He has focused on training and aiding for strategic thinking product planning technology development and business operations The technologies underlying these games became increasingly sophisticated This has taken on greater significance as the gaming industry has grown and prospered Gaming revenues now dwarf film and theater New games released gain millions of sales within a few days of release What makes games so appealing What is the psychology of gaming

Does it vary for card games board games simulation games and online games What makes a game successful over years What about sports games What sociological roles do they play in our society Why do they claim such energy and devotion Why are sports stars able to earn enormous contracts What is the business of these games Why is it expected to be increasingly lucrative What strategies might succeed or fail Who might be the losers and winners This book addresses all of these questions as well as an overarching question for society Can online games fundamentally enhance the education of employees and students The author is convinced they can This requires however that games be designed to achieve these ends This book is intended to contribute to understanding how to create and evaluate such games Essentially games enable employees and managers to play learn compete and achieve in terms of knowledge and skills gained competencies attained customers attracted and economic outcomes This book explains illustrates and motivates investments in these pursuits to these ends
