Brown, 2003-02 *Transformational Preaching* Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book's wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry **[The Four Pages of the Sermon](#)** Paul Scott Wilson, 1999 Doing justice to the complexity of the preaching task and the questions that underlie it Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other

words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two *Learning to Speak of God* Mason Lee,2023-11-16 What difference does the virtue of patience make for our ability to engage deeply in the practice of patience And how does patience help us grasp the something more that is at the heart of preaching excellence Learning to Speak of God argues that the virtue of patience is vital to our faithful and deep preaching practice that patience is a homiletical virtue In doing so this volume asks us to consider the role of character in preaching and the work of specific virtues as we go about our preaching practice Along the way it names the importance of patience as a long acknowledged Christian virtue and considers anew how this virtue shapes and empowers the practice of those who desire to preach in ways that participate in God s transforming work For those who study practice or care about preaching this volume identifies how any notion of what it means to preach well calls for those whose practice is infused with the virtue of patience *Principles and Practice of Preaching* Ilion Tingnal Jones,1956 Guides preachers in evaluating their techniques and improving their skills in planning preparing and delivering a sermon Bibliog **Training Preachers** Scott Gibson,2019-03-20 There is a difference between knowing how to preach and knowing how to communicate that knowledge to others Drawing from the wells of pedagogy and theology Training Preachers shows teachers of homiletics how to educate preachers to skillfully and effectively present God s word to their congregations Training Preachers presents the classroom tested insights of several seasoned homiletics professors whose goal is to share their knowledge with preaching instructors ranging from novices to veterans Expertly edited by Scott M Gibson this is a textbook on teaching preaching that is informed by Christian theology as well as cutting edge pedagogical practices The book enables those who teach preaching to holistically prepare to teach this subject to groups conference gatherings and classes in Bible colleges and seminaries *Broken Words* Paul Scott Wilson,2004 How does one preach from the Old Testament What are the particular needs and challenges of preaching the Good Friday and then the Easter sermon What does one do when he or she wants to address contemporary events Paul Scott Wilson has long been one of the most significant writers among those who seek a richer and more complete understanding of what preaching is and how it might be made better He draws on his broad and deep work in homiletics to show preachers how to craft a variety of types of sermons Recognizing that all sermons are in some ways broken words Wilson includes in each chapter an illustrative sermon Either kind of sermon the good or the bad can offer ample opportunities to learn how to be a more effective and faithful preacher of the gospel *Leading with the Sermon* William H. Willimon,2020-02-04 In this addition to the new Working Preacher Books series prolific author William H Willimon makes the compelling case that two key pastoral tasks preaching and leadership complement correct strengthen and inform one another Preaching is the distinctive function of pastoral leaders Leadership of the church particularly during a challenging time of transition in mainline Protestantism has become a pressing concern for pastors This book shows how the practices skills and intentions of Christian preaching can be helpful to the leadership of a congregation It will also show

how leadership is an appropriate expectation for sermons In preaching pastoral leaders can help a congregation face its problems and coordinate its God given resources to address those problems Sermons can be an opportunity to articulate motivate and orchestrate God s people in doing God s work in the church and in the world Leading with the Sermon includes chapters on why pastors must be leaders why preaching is such an essential task in telling the truth about the gospel how preaching makes better leaders and how better leaders make better preachers

The Four Pages of the Sermon,

Revised and Updated Paul Scott Wilson,2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two This approach is about preaching the gospel in nearly any sermonic form Wilson teaches the what why and how of sermon construction all rooted in a theology of the Word This completely revised edition guides readers through the sermon process step by step with the aim of composing sermons that challenge and provide hope by focusing on God more closely than on humans It has been largely rewritten to include an assessment of where preaching is today in light of propositional preaching the New Homiletic African American preaching the effect of the internet and use of technology A chapter on exegesis has been added plus new focus on the importance of preaching to a felt need the need for proclamation in addition to teaching and developing tools to ensure sermon excellence New sermon examples have been added along with a section that responds to critics and looks to the future

SCM Studyguide: Preaching Peter K. Stevenson,2017-01-31

Peter Stevenson provides an introduction to the practice of preaching It is designed for people from various church traditions in the early stages of ministerial formation Preaching is a complex and challenging business requiring a demanding mixture of skills People listening to a sermon have the right to expect that a person who stands up to preach can interpret the Bible competently has a grasp of core Christian beliefs and believes what they preach They also expect someone who has the necessary range of communication skills to put the message across in an accessible way Such a range of expectations presents daunting challenges to the most experienced preacher Including practical exercises which could be used by individuals or by groups this book is suitable for introductory courses in preaching or for modules which consider preaching within an overall focus upon leading public worship

Exilic Preaching Erskine Clarke,1998-10-01 This powerful collection of articles and sermons focuses on the new location of the church in contemporary North American society a location that

may be described by the metaphor exile Walter Brueggemann Stanley Hauerwas Barbara Brown Taylor and Will Willimon here address the growing uneasiness of today s Christians about sustaining old patterns of faith and life in a context where

their most treasured symbols of faith are often mocked trivialized or dismissed **Setting Words on Fire** Paul Scott Wilson,2010-10-01 In the second half of the twentieth century a profound shift took place in how we think about preaching We moved away from a vertical focus on the preacher who hands down the authoritative teaching to more relational narrative and conversational models Yet common to both of these understandings says Paul Scott Wilson is the idea that preaching is primarily about teaching that it mainly conveys information about God Important as this emphasis on preaching as teaching has been Wilson believes that the time for a new approach has arrived That new approach which he names preaching as proclamation has begun to arise from a variety of Euro American and African American sources Its primary aim is not to convey information but to engender an encounter with God s grace in Christ More than guiding people to say Yes now I understand it hopes to lead them to proclaim I am redeemed we are saved More than telling the gospel story it renders the gospel s claim on human lives leading to conviction of sin repentance and transformation Pulling together the disparate strands of this new homiletical school Wilson constructs a comprehensive introduction to preaching focusing on its character as proclamation of the sovereign grace of God

Principles and Practice of Preaching Ilion T. Jones,1981 **Preaching**

Like the Prophets Robert A. Carlson,2017-02-08 The Old Testament prophets are a neglected treasury of biblical examples for pastoral preaching Too often the prophets are misunderstood as focusing on future or social justice issues This book shows that the prophets are essentially preachers very good ones whom we must learn from By comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature this book shows that the prophets preached the way that we ought to preach It will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher We can benefit not only from what the prophets say but how they say it By seeing how the prophets grab and keep their listeners how they enhance clarity and relevancy how they make truth come alive and how they persevere in their ministry you too can learn to preach like the prophets
