New,2014-01-10 Today the United States is plagued with cultural and political polarization the Reds and the Blues Because religion has been of great significance in America right from the first colonists who believed themselves to be God s chosen nation it is not surprising that religion constitutes the basis of today s dichotomy The recent resurgence of Christian fundamentalism is significant for the future of America as a nation under God This book examines the history of conservative American Christianity as it interacts with liberal beliefs With the Enlightenment the Puritan sense of mission faded but was rekindled with the Great Awakening This religious movement unified the colonies and provided an animating ideal which led to revolution against Britain But soon after the forces of liberalism made inroads and the seeds of division were planted This balanced account favors neither conservative nor liberal It is history with a human touch emphasizing personalities from Jonathan Edwards and
