**Van Gogh and the Post-Impressionists for Kids** Carol

Sabbeth,2011-05-01 Vincent van Gogh s admiration for and departure from Impressionism and his relationships with the other enthusiastic like minded artists who ultimately formed the Post Impressionist movement are explained and explored in this collection of art activities for kids Debunking the persistent stereotype of the mad pauper who cut off his ear van Gogh is revealed as the serious boy who loved nature and reading and spoke four languages the young man who took great satisfaction in the study of art his successful career as a gallery salesman and the brotherhood of artists he helped to create and the increasingly troubled and ill man who cared deeply for family and friends and tried in vain to recover Through a series of fun and creative projects such as a Starry Night Peep Box a Pointillist Sailboat and a Japanese Fold out Album kids will be exposed to such art as van Gogh s vibrant landscapes Paul Signac s Mediterranean Sea images in dazzling dots and Paul Gauguin s tropical landscapes in unnatural colors Aspiring young artists and history buffs will learn whether or not these famous painters always got along how they helped each other in the process and what made Post Impressionist art unlike anything ever painted

**The Post-impressionists** Belinda Thomson,1990-01-01 *Impressionism and*

*Post-Impressionism* Nathalia Brodskaya,2018-03-13 Impressionism is the most famous artistic movement But what appears today as a charming and exquisite landscape painting was actually one of the first avant garde movements whose members had decided to fight the values of traditional art The impressionist outdoor paintings shocked the public by the technique used but also by their apparent banality As Monet Sisley Pissarro and many others sought to capture the ephemeral nature of light the next generation would reject naturalism Indeed post impressionists such as Gauguin Van Gogh C zanne and Seurat favored the subjective rather than the objective and the eternal rather than the concrete In doing so they laid the formal foundations of 20th century modern art This book is a visual guide through the crucial moments in the history of art and the progression of the 19th century to modernity

15th 1910 11 10 A M To 6 P M The pictures collected together in the present Exhibition are the work of a group of artists who cannot be defined by any single term The term Synthesists which has been applied to them by learned criti cism does indeed express a quality underlying their diversity and it is the principal business of this introduction to expand the meaning of that word which sounds too like the hiss of an angry gander to be a happy appellation As a definition it has the drawback

that this quality common to all is not always the one most impressive in each artist In no school does individual temperament count for more In fact it is the boast of those who believe in this school that its methods enable the individuality of the artist to find completer self expression in his work than is possible to those who have committed themselves to representing objects more literally This indeed is the first source of their quarrel with the Impressionists the post impressionists consider the Impressionists too naturalistic Yet their own connection with Impressionism is extremely close Cezanne Gauguin and Van Gogh all learnt in the Impressionist school There are pictures on the walls by these three artists painted in their earlier years which at first strike the eye as being more impressionist than anything else but nevertheless the connection of these artists with the Impressionists is accidental rather than intrinsic About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Post-Impressionism: Beyond Appearances** ,2025-01-24 A survey of the two decades between the mid 1880s and 1905 The term Post Impressionism was coined in 1910 by Roger Fry an English art critic who was trying to find an expression that could describe Van Gogh C zanne and Gauguin s painting as well as Seurat S rusier Denis or Redon s Organized by the mus e d Orsay at the Louvre Abu Dhabi the Post Impressionism exhibition focuses on the two bubbling decades between the mid 1880s and the mid 1900s i e from the last collective exhibition of the Impressionists in 1886 to the Autumn Salon of 1905 marked by the Fauves scandal Derain Matisse and Vlaminck with their explosive colors The catalogue shows the full span of pictorial reactions to Impressionism with masterpieces from the mus e d Orsay by insisting on the richness and complexity of the Post Impressionist constellation Taking a monographic or a group approach the book seeks to highlight the intrinsic qualities of each painter s work and the interactions between these artists who are part of the Impressionist legacy and will inspire avant garde artists like Braque or Picasso This catalogue rich in images and essays delves into the art of this fascinating and pivotal double decade during which plastic expression gradually moved away from the representation of reality towards the expression of the psychic emotional and spiritual worlds of the artists

**Post-Impressionism** Emilie Dufresne,2021-07-15 The work of post impressionists is some of the best known art in the world Vincent van Goh was a post impressionist painter and so was Paul C zanne Readers learn all about these famous post impressionists in this book alongside a friendly gallery worker guide The main features and techniques of post impressionism are covered and activities help readers create their own post impressionist masterpieces Including examples of famous post impressionist works an explanation of what an art gallery is and a quiz to aid in comprehension this book is a great

introduction to an important movement in art history     *The Post-Impressionist* Belinda Thomson, 1994-01-01 Discusses the works of such artists as Cezanne Van Gogh and Gauguin explains how they differed from the impressionists and assesses their place in modern art     **The post-impressionists** Richard Shone, 1984 The influence of Seurat Gauguin Van Gogh and Cezanne on late nineteenth century art is examined     **Painting by the Post-Impressionists** Alfred Werner, 1963

**Impressionist and Post-impressionist Paintings in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.), Charles S. Moffett, 1985     *The Post-impressionists* Martha Kapos, 1993 In 1910 the critic Roger Fry organized an exhibition at the Grafton Galleries London of avant garde painting which included works by Cezanne Van Gogh Gauguin and Matisse This exhibition became as important a landmark in the official histories of modern art as the subsequent Armory Show in America These artists did not belong to a single unified movement defined or recognized at the time and Fry in a quandary as to what to call the exhibition and losing patience at the last minute said Oh let's just call them Post Impressionists at any rate they came after the Impressionists In this way one of the important critical categories one of the isms of modern art was born But Post Impressionism was not a name which Van Gogh Gauguin Seurat or Cezanne or any artists of the period would have applied to themselves The documents in this book many of which appear in English for the first time show how artists and critics in the aftermath of Impressionism did describe themselves how they responded to tradition to each other and to the kaleidoscope of the contemporary scene This was a period of reconsideration of moving on from aspects of Impressionism and of coming to grips with the isolation that avant garde art had imposed on the individual artist It was a period in which the emphasis within Impressionism on the construction of painting purely by means of color had left artists with the question of how the power of this basic form related to their own feelings and to nature New ideas were coming from poetry as well as painting that laid the basis for modernism These issues and the personal struggles of the artists themselves are revealed in their letters and in the writings of friends and critics many of whom such as Mallarme Laforgue Huysmans and Proust were novelists and poets This book also includes commentaries from Rainer Maria Rilke Virginia Woolf and W H Auden as well as modern critics artists philosophers and art historians Georges Bataille Paul Klee and Meyer Schapiro on Van Gogh John Berger on Bonnard Maurice Merleau Ponty Clement Greenberg Adrian Stokes and Lawrence Gowing on Cezanne The text is illustrated with 119 colorplates and 125 black and white reproductions of contemporary photographs cartoons documents prints and drawings     **Post-Impressionists** Linda Bolton, 2002-10-01 Discusses the characteristics of the Post Impressionism movement which began in the late 1880s and presents biographies of fifteen Post Impressionist artists     *Post-Impressionists* Samuel Raybone, 2017-11-25 Paul Cezanne Georges Seurat Paul Gauguin Vincent van Gogh Henri de Toulouse Lautrec and others began as Impressionists but soon extended their explorations of the world around them to create highly personal work With their foundations in the bright colours of Impressionism and the break from traditional representational art the Post Impressionists worked alone but collectively

created the bridge into the expressionism of the 20th Century Their delightful and evocative masterpieces are celebrated in this gorgeous new book [Post-Impressionism](#) Jane Bingham,2009-10 What is Post Impressionism Why did the Post Impressionists avoid realistic colors Did Post Impressionism have an impact on later art styles Post Impressionism answers all these questions It also discusses how Post Impressionism developed examines the distinctive styles of individual Post Impressionist artists and looks at how the Post Impressionists used colour shape and composition to create paintings with a powerful visual and emotional impact Art on the Wall is an exciting and informative series that explores a range of art movements and styles Each title in the series looks at the history behind the movement and discusses the techniques used by its artists The text is supported with stunning paintings and other artworks that illustrate each art style The titles also include biographies of well known artists and try it yourself activities that encourage readers to create their works of art using the techniques of the movement [Post-Impressionism \(Arabic Edition\)](#) ,2025-01-24
