Happy Hour Michele Scott, 2009-10-05 Every woman has that group of friends in her life her go to girls The friends that she can turn to who get it The ones who are there for you no matter what The ones who laugh with you and cry with you The ones that will always be there These are the women of Napa Valley Jamie is the editor in chief of Wine Lover s Magazine a single mother and caretaker to her senile mother in law a woman who thinks her daily caregiver is Dean Martin Jamie is still recovering financially and emotionally from the death of her husband several years earlier And when she finds what could be the key to happiness can she open the door and let it in Or will her feelings of guilt and betrayal hold her back Danielle is a vintner and the divorced mom of two She s basking in what she knows is going to be a successful launch of her new wines Wines she created on her own after her divorce But what she doesn t expect is for her daughter to come home with news that will shock her to her core Will an old flame help her accept the changes that are coming and find the love she s been missing in her life for so long Or will a tragedy that no one sees coming change their lives forever Kat is a sommelier co owner of a magnificent restaurant with her chef husband and mother of a blended family But is being deeply in love with your husband enough to get them through the teenage years step children and exes And what happens when old faces return and she s faced with the knowledge that not everything is what you thought it was What happens when she finds she was mad at the wrong person and finds out the right one was in the wrong Can she forgive and move on Can love overcome everything and truly bring a family together Alyssa is an artist and gallery owner with a secret of her own One she was hoping would stay buried deep in her closet But the time has come for her to put someone else first to face the past and to deal with her demons What she never expected to find was love and her home No matter what is going on in their own lives no matter the heartache or joy they re experiencing these four women are always there to love support and encourage each other

relationships The key is to understand the interplay between our two most basic psychological needs for connection and autonomy Evolution made us dependent on one another for survival instilling in us a strong need to connect It also made us seek autonomy so our ancestors could distinguish themselves within their groups improving their chances to procreate and gain status These two opposing needs are our most fundamental psychological drivers and while our lives once ensured a happy balance between them the opportunities of today s world have thrown it out of whack As von Hippel explains our modern world no longer demands connection but it provides endless opportunity for autonomy this lopsidedness lies at the root of many of our most intractable problems Recognizing this imbalance and working to counter it can drastically change how we make decisions spend our time and find happiness The Social Paradox invites us to examine the fundamental building blocks of life and society politics religion urban living marriage in a brand new way Once we understand the evolutionary forces driving us we can begin to see how to counteract the emptiness and loneliness of contemporary life **The Faithful**
