The Postmodern Fuentes:

[The Postmodern Fuentes](#) Chalene Helmuth, 1997 This book addresses issues of identity textual composition discourse and history in the later novels of Carlos Fuentes Readers familiar with other postmodern narratives will find a guide to reading Fuentes a recognized innovator of Spanish American fiction To readers familiar with the novels of the Boom and its considerable scholarship this study provides a key to understanding Fuentes's interest in questions of an epistemological and ontological nature This process draws on the various interpretive strategies of postmodernity resulting in an analysis that contributes both to the body of criticism on Carlos Fuentes and to the development of an accurate conceptualization of postmodern writing in Spanish America

The Writings of Carlos Fuentes Raymond L. Williams, 1996-01-01 In this book Raymond Leslie Williams traces the themes of history culture and identity in Fuentes's work particularly in his complex major novel *Terra Nostra* He opens with a biography of Fuentes that links his works to his intellectual life a life that has been centrally concerned with finding and defining the source and character of Latin American culture The heart of the study is Williams's extensive reading of the novel *Terra Nostra* in which Fuentes explores the presence of Spanish culture and history in Latin America Williams concludes with a look at how Fuentes's other fiction relates to *Terra Nostra* including Fuentes's own division of his work into fourteen cycles that he calls *La Edad del Tiempo* and with an interview in which Fuentes discusses his concept of this cyclical division

[The Columbia Guide to the Latin American Novel Since 1945](#) Raymond L. Williams, 2007-09-21 In this expertly crafted richly detailed guide Raymond Leslie Williams explores the cultural political and historical events that have shaped the Latin American and Caribbean novel since the end of World War II In addition to works originally composed in English Williams covers novels written in Spanish Portuguese French Dutch and Haitian Creole and traces the profound influence of modernization revolution and democratization on the writing of this era Beginning in 1945 Williams introduces major trends by region including the Caribbean and U.S. Latino novel the Mexican and Central American novel the Andean novel the Southern Cone novel and the novel of Brazil He discusses the rise of the modernist novel in the 1940s led by Jorge Luis Borges's reaffirmation of the right of invention and covers the advent of the postmodern generation of the 1990s in Brazil the Generation of the Crack in Mexico and the *McOndo* generation in other parts of Latin America An alphabetical guide offers biographies of authors coverage of major topics and brief introductions to individual novels It also addresses such areas as women's writing Afro Latin American writing and magic realism The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel national literary traditions and the work of individual authors From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive accessible portrait of a thoroughly diverse and complex branch of world literature

Fuentes, Terra Nostra,

and the Reconfiguration of Latin American Culture Michael Abeyta,2006 Widely acknowledged as Carlos Fuentes's most ambitious novel *Terra Nostra* is a paradigm shifting work that has generated a virtual cottage industry of scholarly analysis Michael Abeyta has now taken a new approach to this celebrated novel by considering how giving a gift is like telling a story Grounding his study on the work of Derrida and Bataille Abeyta focuses on the theme of the gift in *Terra Nostra* analyzing how gift giving excess expenditure sacrifice and exchange give shape to the novel The question of giving leads him into contemplation of such parallel issues as money and exchange economies the gift's role in art and narration and the Baroque in Latin American culture an elaborate set of arguments that puts Fuentes's understanding of Latin American culture in a surprising new light Abeyta's study opens new windows on this difficult work as he grapples intelligently with the sometimes dizzying conceptual dances that Fuentes performs He shows how Fuentes's rereading of Latin American history confronted important changes during the initial encounter between Europe and the Americas which coincided with the spread of the European market and the shift from a gift to an exchange economy from a culture in which economic relations were based on sacrifices tributes or gifts to one in which market forces predominated He also engages in the recent scholarly debate on the potlatch and its implications in New World culture As Abeyta reveals underlying Fuentes's treatment of the gift is a deep questioning of utopian thought and its impact throughout Latin America's history His insights help define *Terra Nostra*'s place in current discussions in literary theory about art economy and the question of the gift and this work stand to be hailed as one of the most perceptive readings of the novel yet to appear

Critical Survey of Long Fiction: Ralph Ellison-Jamake Highwater ,2000 Carlos Fuentes's *Terra Nostra* and the Kabbalah Sheldon Penn,2003

Rather than treating the Jewish Kabbalah as merely one heretical doctrine among others in Fuentes's novel *Terra Nostra* Penn Spanish U of Leicester argues that examining its presence is vital for understanding both the theme and style He draws on 20th century scholarship showing links between Jewish mysticism and theories of history and textuality and literary implementations of the Kabbalah by writers who significantly influenced Fuentes such as Alego Carpentier and Jorge Luis Borges His discusses the Kabbalistic concept of language and its operation in the novel *Celestina* as metaphysical woman Kabbalistic time and a novelistic historiography The text is double spaced Annotation 2004 Book News Inc Portland OR booknews.com

Carlos Fuentes Michel Gironde,2011-04-02 Carlos Fuentes est un grand des lettres hispano-américaines ayant son actif une œuvre abondante et diverse de fiction et de réflexion. C'est un Fuentes multiple qui apparaît ainsi dans ses écrits cosmopolites, intermédiaires culturels, intellectuels et auteurs de fictions. Qu'est-ce qui relie ces différents ensembles ? Les uns aux autres ? Sous ces divers masques, quel est le visage de Fuentes ? À partir de quelle critique pour répondre à ces questions ? Nous étudions ce qui est au cœur de la réflexion et de la création de Fuentes : la question de la centralité.

The Princeton University Library Chronicle Lawrence Thompson,1996 Carlos Fuentes, Mexico and Modernity Maarten Van Delden,1998 Maarten van Delden's thorough command of his subject, his innovative and sometimes iconoclastic conclusions and his clear and engaging writing style make this study more than just an interpretation of Fuentes's work. CARLOS FUENTES AND THE DILEMMAS OF A MEXICAN MODERNITY offers nothing less than a comprehensive analysis of Fuentes's intellectual development in the context of modern Mexican political and cultural life. *Bulletin of Latin American Research*, 2003 Notable Latino Writers Salem Press,2006 Surveys approximately 125 major U.S. Latino writers and world Spanish language writers translated into English who have contributed to the rich heritage of Latino and Hispanic literature.

Author, Text, and Reader in the Novels of Carlos Fuentes Kristine Ibsen,1993 Author, Text, and Reader in the Novels of Carlos Fuentes focuses on the problem of communication as one of the central preoccupations that remains consistent throughout the literary production of Mexican novelist Carlos Fuentes. This preoccupation manifests itself at the discursive level of the author's fiction as he continually seeks different means of expression from novel to novel. Concentrating on four novels that illustrate this aesthetic: *Cambio de piel* 1967, *Terra Nostra* 1975, *Una familia lejana* 1980, and *Cristóbal Nonato* 1987, this study examines the means of textualization by which Fuentes activates his reader and how this coincides with his notions of the role of literature in society. *Latin American Writers*, 1989 Discusses writers of the New World and provides critical analyses of today's outstanding writers. **Linguistica Antverpiensis** Rijksuniversitair Centrum Antwerpen. Hoger Instituut voor Vertalers en Tolken,2005 The Postmodern Moment Stanley Trachtenberg,1985-12-23 This collection of original essays provides an intellectual, social, and historical background for the postmodern movement in the literary, visual, and performing arts in America today. Both creative expression and critical thought are examined in literature, painting, and sculpture, dance, music, photography, architecture, theatre, and film. The author of each essay describes and analyzes the ways in which individuals become conscious of, represent, and ultimately assimilate changes in their respective art forms. Included in each essay is a synthesis of critical issues as well as a discussion of representative figures and their works. Also a broad bibliographic component supplements each essay, including discussions of resource materials, checklists, and a comprehensive

annotated bibliography In his introduction editor Stanley Trachtenberg provides an overview of postmodernism In addition the volume contains an appendix of related European and Latin American expressions and a chronology of historical and cultural events and individual achievements
