Power of Concentration William

Atkinson, 2017-05-19 What ever you concentrate on is what your world brings to you So practicing mental control the self discipline of personal thought you actually start bringing into your life exactly what you want Consider this from Lesson 16 You will find that each day as you focus your forces on this thought at the center of the stream of consciousness new plans ideas and methods will flash into your mind There is a law of attraction that will help you accomplish your purpose An advertiser for instance gets to thinking along a certain line He has formed his own ideas but he wants to know what others think He starts out to seek ideas and he soon finds plenty of books plans designs etc on the subject although when he started he was not aware of their existence The same thing is true in all lines We can attract those things that will help us Very often we seem to receive help in a miraculous way It may be slow in coming but once the silent unseen forces are put into operation they will bring results so long as we do our part They are ever present and ready to aid those who care to use them By forming a strong mental image of your desire you plant the thought seed which begins working in your interest and in time that desire if in harmony with your higher nature will materialize Atkinson however goes further he tells you that you
