Dyer, 2004-07-01 Change the way you look at things and the things you look at will change Wayne Dyer For years Wayne Dyer has been researching the power of intention the energy that surrounds all of us He tells us how we can train ourselves to tune into this energy and step beyond our minds and egos When we do this we become what Dyer calls Connectors and make ourselves available to the energy of success Connectors are the people whom everyone sees as lucky the people who get all the breaks They don t say With my luck everything will go wrong they just know things will go well They trust an invisible force that will be all providing and just don t attract negativity to themselves This book is full of dynamic steps that we can use to tap into this transformational energy This book explores intention not as something you do but as an energy you re part of We re all intended here through the invisible power of intention This is the first book to look at intention as a field of energy you can access to begin co creating your life The Power Of Intention Wayne W Dyer, Intention is generally viewed as a pit bull kind of determination propelling one to succeed at all costs by never giving up on an inner picture In this view an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed However intention is viewed very differently in this book Dr Wayne W Dyer has researched intention as a force in the universe that allows the act of creation to take place This book explores intention not as something you do but as an energy you re a part of We re all intended here through the invisible power of intention This is the first book to look at intention as a field of energy that you can access to begin co creating your life with the power of intention **Summary of Wayne W. Dyer's The Power of Intention** Everest Media, 2022-08-29T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The Power of Intention was intended into the material world by applying all of the principles written about in this book I managed to make my own vibrational energy match up to the all creating Source and allowed these words and ideas to flow through me directly to you 2 I ve been studying intention for years and I ve found that it is a strong purpose or aim

accompanied by a determination to produce a desired result People driven by intention are described as having a strong will that won't allow anything to interfere with their achieving their inner desire 3 The Power of Intention is the power to access the seemingly dormant forces within us and use them to achieve our goals It is a field of energy that flows invisibly beyond the reach of our normal everyday habits 4 The field is the source of our intelligence creativity and imagination It is an invisible domain or higher reality that can be tapped into and used by everyone It is present in everything in the universe and it doesn't err
