The Prime Of Yiddish

Robert Shaw (M. A.)

The Prime Of Yiddish:

The Prime of Yiddish David Passow, 1996 Yiddish evokes a stream of consciousness that combines nostalgia, introspection, imagination, and cultural reminiscences. Yiddish culture was a peak of Jewish creativity in the last two thousand years. The flight of European Jews to the New World created vibrant centers of cultural and intellectual growth even while the European Jewish population was decimated by pogroms, revolutions, and war. This study deals with an incredibly brief segment of time from the middle of the 19th century to post WWII that streaked across the heavens of Jewish history like a meteor. The extraordinary pace and extent which characterized the development and sophistication of Yiddish cultural productivity in this capsulized period has no parallel in the saga of modern man. The book also concentrates on one of the most creative and innovative personalities of the period whose scholarship, intuition, and intellectual integrity contributed so extensively to the enhancement of Yiddish culture in short the times of Samuel Niger.

Reading Hebrew Joseph Shimron, 2006-08-15 Over the last two decades the study of languages and writing systems and their relationship to literacy acquisition has begun to spread beyond studies based mostly on English language learners. As the worldwide demand for literacy continues to grow, researchers from different countries with different language backgrounds have begun examining the connection between their language and writing system and literacy acquisition. This volume is part of this new emerging field of research. In addition to reviewing psychological research on reading, the author's specialty, the reader is introduced to the Hebrew language, its structure, its history, its writing system, and the issues involved in being fluently literate in Hebrew. Chapters 1-4 introduce the reader to the Hebrew language and word structure and focuses on aspects of Hebrew that have been specifically researched by experimental cognitive psychologists. The reader whose only interest is in the psychological mechanisms of reading Hebrew may be satisfied with these chapters. Chapters 5-8 briefly survey the history of the Hebrew language and its writing system, the origin of literacy in Hebrew as one of the first alphabetic systems, and then raises questions about the viability or possibility of having full scale literacy in Hebrew. Together the two sets of chapters present the necessary background for studying the psychology of reading Hebrew and literacy in Hebrew. This volume is appropriate for anyone interested in comparative reading and writing systems or in the Hebrew language in particular. This includes linguists, researchers, and graduate students in such diverse fields as cognitive psychology, psycholinguistics, literacy education, English as a second language, and communication disorders.

The American Hebrew, 1946 **Hebrew Word Study** Chaim Bentorah, 2016-06-21 God's Word Leads Us to God's Heart Hebrew Word Study Revealing the Heart of God is a devotional book unlike any you've ever read. Most Hebrew word study books read like a dictionary not really explaining the Hebrew words in light of specific Bible passages. Hebrew Word Study by Chaim Bentorah combines an in depth look at the meanings of a variety of scriptural words and phrases in the original Hebrew with a down to earth application for our daily Christian experience. Guided by Chaim's expertise in biblical languages you will examine not just word definitions but also the origins of words their place in the culture and idioms of the day and even their emotional context. With the author's anecdotes and stories from the Bible and ancient Jewish literature the meanings of these words and passages become even more vivid. Each of the ninety word studies in this book will encourage and strengthen you in your relationship with God. As you search the depths of God's Word you will see just how beautiful the Scriptures are and most of all you will see the beauty of God Himself and come to love Him all the more.

The Hebrew Christian witness [afterw.] Hebrew Christian witness and prophetic investigator, 1873 **Jewish Identities in East and Southeast Asia** Jonathan Goldstein, 2015-11-13 The Jewish communities of East and Southeast Asia display an impressive diversity. Jonathan Goldstein's book covers the period from 1750 and focuses on seven of the area's largest cities and trading emporia Singapore Manila Taipei Harbin Shanghai Rangoon and Surabaya. The book isolates five factors which contributed to the formation of transnational multiethnic and multicultural identity memory colonialism

regional nationalism socialism and Zionism It emphasizes those factors which preserved specifically Judaic aspects of identity Drawing extensively on interviews conducted in all seven cities as well as governmental institutional commercial and personal archives censuses and cemetery data the book provides overviews of communal life and intimate portraits of leading individuals and families Jews were engaged in everything from business and finance to revolutionary activity Some collaborated with the Japanese while others confronted them on the battlefield The book attempts to treat fully and fairly the wide spectrum of Jewish experience ranging from that of the ultra Orthodox to the completely secular
