Occult principles of health and healing Max Heindel, 2023-01-31 is a compilation of material concerning the health and healing of the human organism as considered from the occult viewpoint. It affords those interested in attaining and maintaining health a treasure chest of valuable information. Max Heindel, a trained clairvoyant and investigator of the superphysical worlds, devoted much time and effort to ascertaining the real causes of physical and mental disorders as revealed in the realm of cause, the higher or superphysical planes, and this volume contains the fruits of his labor. It embodies some of the most priceless truths in regard to the origin, functions, and proper care of the vehicles of man to be found on the printed page, and those concerned with the true art of healing will find it an indispensable addition to their libraries. Christ admonished His disciples: "Preach the Gospel and heal the sick." Maintaining health when once gained or regained requires a knowledge of the Gospel or laws of God, and it is therefore in the light of both parts of the command of the Great Teacher that this book is dedicated to the afflicted of humanity. May the contents of its pages permeate as they are with the love and compassionate understanding of the mystic heart of the author, be the means of bringing new solace and relief to countless aching hearts and suffering bodies, as well as speed the day for the generation of more perfect human vehicles.
