Sections Of The Exam **Cheap and Tasteful Dwellings** Jan Jennings,2005 In 1879 Carpentry and Building magazine

launched its first house design competitionfor a cheap house Forty two competitions eighty six winning designs and a slew ofnear winners and losers resulted in a body of work that offers an entire history of anarchitectural culture The competitions

represented a vital period of transition in delineating roles and responsibilities of architectural services and building trades The contests helped to define the training education and values of practical architects and to solidify house planning ideals

The lives and work of ordinary architects who competed in Carpentry and Building contests offer a reinterpretation of

architectural professionalization in this time period Cheap and Tasteful Dwellings thoroughly explores the results of these

competitions conducted over a thirty year period from 1879 to 1909 The book outlines the philosophybehind and procedures

developed for running the competitions looks at characteristicsof the eighty six winners of the competitions examines the

nature of architecturalpractices during the period analyzes the winning competition designs and providesbiographical details

of competition winners and losers A landmark book in architectural history Cheap and Tasteful Dwellings makes a compelling

case for the theory of convenient arrangement its history its role its principles its relationship to contemporary interior

design education and its meaning to American architecture More importantly the book explains the impact of Carpentry and

Building s contests in furthering the tenets of convenient arrangement for house design By using extensive material from the

magazine Jennings leaves little doubt as to how important this overlooked story is to the history of American architecture as
