Term	Definition
Base year	A year with very small price changes or price fluctuations. The current base year used by the Reserve Bank is 2005.
Basic prices (bp)	Used when GDP is calculated according to the production method and represents the production costs of firms.
Capital market	Market for long-term financial instruments, for example, bonds, shares.
Circular flow model	Continuous flow of spending, production and income between different sectors.
Closed economy	An economy that has no foreign sector as a participant.
Consumption (C)	Consumption spending by the population.
Domestic figures (GDP)	Value of all final goods and services produced within the borders of a country for a specific period.
Economic equilibrium	The economy is in equilibrium if leakages are equal to injections: $L = J$ or $S + T + M = I + G + X$
Expenditure method	When the national accountants add together the spending of the four major sectors of the economy: $C + G + I + (X - M)$
Exports (X)	Goods and services produced locally and then sold for consumption outside the borders of the country.
Factor market	Market where factors of production are traded, e.g. labour market.
Factor costs/Factor prices	These terms can be used interchangeably and refer to the cost of or price paid for the factors of production (land, labour, capital and entrepreneurship) used by firms. (Note that the term factor income may also be used.)
Financial market	The market where both short- and long-term financial assets are traded.
Financial sector	Those financial institutions that are not directly involved in the production of goods and services, e.g. banks, insurance companies, pension funds and the JSE.
Foreign exchange market	The market in which one currency can be traded for another, e.g. rands for dollars.
Goods market	Market where goods and services are traded, e.g. cars, milk (also known as Product market).
Government (G)	The expenditure of the government sector.
Imports (M)	Goods and services produced in other countries and purchased by local firms or households. Imports can also be represented by 'Z'.

Caroline Fredrickson

Economics March Common Test 2014 Grade 12 Question Paper:

Under the Bus Caroline Fredrickson,2010-01-12 Did you think you knew the facts about women and work Think again a terrific book utterly gripping Peter Edelman author of So Rich So Poor For women in professional and corporate jobs much of the discrimination and inequity faced in the past has been confronted and at least to some extent conquered But the fact is that we have a two tiered system where some working women have a full panoply of rights while others have few or none at all We allow blatant discrimination by small employers Domestic workers are cut out of our wage and overtime laws Part time workers disproportionately women are denied basic benefits Laws have been written through a process of compromise and negotiation and in each case vulnerable workers were the bargaining chip that was sacrificed to guarantee the policy's enactment For these workers the system that was supposed to act as a safety net has become a sieve and they are still falling through Caroline Fredrickson is a powerful advocate and DC insider who has witnessed the legislative compromises that leave out temps farmworkers staff at small businesses immigrants and others who fall outside an intentionally narrow definition of employees The women in this fast growing part of the workforce are denied minimum wage maternity leave health care the right to unionize and protection from harassment and discrimination all within the bounds of the law If current trends continue their fate will be the future of all American workers An informative occasionally shocking exploration of the state of women's rights in the workplace Kirkus Reviews
