Taken To The Cleaners:

The Vacuum Cleaner Carroll Gantz, 2012-10-05 House cleaning has been an innate human activity forever but only since the early 19th century have mechanical devices replaced the physical labor performed mostly by women Mechanical carpet sweepers were replaced by manual suction cleaners which in turn were replaced by electric vacuum cleaners in the early 20th century Innovative inventors who improved vacuum cleaners as electricity became commonly available made these advances possible Many early manufacturers failed but some such as Bissell Hoover Eureka and others became household names as they competed for global dominance with improved features performance and appearance This book describes the fascinating people who made this possible as well as the economic cultural and technological contexts of their times From obscure beginnings 200 years ago vacuum cleaners have become an integral part of modern household culture *Natural*

Cleaning Recipes Karen S. Roberts, 2014-01-28 Books are written about recipes all the time but *Natural Cleaning Recipes* is a bit different This book focuses on cleaning recipes that can be used to sanitize not only the home but anywhere else that needs cleaning as well What most people don't realize is that a lot of simple ingredients that they have in the kitchen can safely help to clean up a mess and kill germs Protecting yourself from breathing in harsh chemicals while cleaning is very important In this book the author explains what the process of natural cleaning is and also how various products can be used to clean a number of different things The book is ideal for anyone seeking to be more environmentally conscious The cleaning products that you can make from these recipes can not only be used in the home but may be used in the office as well There are even recipes that will help you clean your car If a stronger cleaning solution is required then suggestions are made for chemical based alternatives that are not extremely hazardous This simple book will help you take care of the majority of your cleaning needs naturally and safely **Journal** New South Wales.
