Richard Middleton, 2021-11-16 It is traditional to think we should praise Abraham for his willingness to sacrifice his son as proof of his love for God But have we misread the point of the story Is it possible that a careful reading of Genesis 22 could reveal that God was not pleased with Abraham s silent obedience Widely respected biblical theologian creative thinker and public speaker J Richard Middleton suggests we have misread and misapplied the story of the binding of Isaac and shows that God desires something other than silent obedience in difficult times Middleton focuses on the ethical and theological

problem of Abraham's silence and explores the rich biblical tradition of vigorous prayer including the lament psalms as a resource for faith Middleton also examines the book of Job in terms of God validating Job's lament as right speech showing how the vocal Job provides an alternative to the silent Abraham This book provides a fresh interpretation of Genesis 22 and reinforces the church's resurgent interest in lament as an appropriate response to God

**Spirituality in Ministerial Formation** Andrew D. Mayes, 2009 In recent years theological education and training for both lay and ordained ministry have been reconceived in terms of ministerial formation But what is the origin of this paradigm and what difference does it actually make to both teachers and learners This study not only addresses these questions but also offering perspectives from the Eastern Christian traditions and from empirical research uncovers a dynamic role for prayer in the learning process It explores how different types of prayer have the potential to be a significant integrative cognitive healing empowering influence in ministerial formation and to enable a transformative process of deep learning It will prove not only to be a reference book for all practitioners in the field of theological education but also a practical workbook for teachers and students as its questions for individual or group use challenge present practice and open up new possibilities for the healing of the historic divide between theology and spirituality The book identifies elements for the development of a rich theology of ministerial formation which will enhance and energize the practice of theological education Seeking to re balance training and formation it invites a rethink of current functionalist approaches to professionalized lay and ordained ministry in terms of discovering creative and surprising functions of spirituality within the learning process The book thus has implications for the teaching of spirituality highlighting the need to articulate an integrated spirituality of education It also addresses important aspects of the Church's mission in society and the imperative of resourcing clergy and lay ministers for their engagement with the rising interest in spirituality in today's culture Book Jacket

**The Moral Vision of Proverbs** Timothy J. Sandoval, 2024-04-16 Wisdom literature is an unfamiliar genre to modern readers and presents many interpretive challenges In this major new work respected wisdom scholar Timothy Sandoval argues that the book of Proverbs though difficult to access for some provides a coherent moral vision for human flourishing The approach Sandoval argues for in The Moral Vision of Proverbs is that of virtue ethics or character ethics particularly that which emerges from the classical tradition of Aristotle as opposed to reading the book intentionally or unintentionally through the lenses of modern ethical systems Sandoval engages with specialists in this ethical tradition as well as biblical scholars to make his case that Proverbs is an ancient virtue oriented moral discourse This comprehensive critical study of Proverbs analyzes the book's major topics and strives to discern the moral and philosophical presuppositions and logic of its rhetoric all the while engaging past and present interpretive approaches Although authored by a Christian scholar this text will be of great interest to a broadly ecumenical audience whether students of the Old Testament Tanakh Hebrew Bible biblical scholars or Christian ethicists and moral theologians
