Tale Of The Alerion:

The Tale of the Alerion Guillaume De Machaut,2013-09-20 Guillaume de Machaut the most important poet and musician of fourteenth century France had considerable influence on subsequent generations of writers in both France and England With this scholarly translation Minnette Gaudet and Constance B Hieatt made his long neglected narrative poem the Dit de l alerion a treatise on love and falconry available to students of medieval literature In the poem Machaut defines the problems and pleasures of courtly love by comparing them to those of falconry a sport which modern readers know little about The introduction and notes to this edition provide valuable information about the art of falconry thus clarifying aspects of the poem which might be hard to understand today The scholarly notes and introduction furnish explications and variant readings of obscure passages and comments on wordplay A running summary of the contents of the poem is also provided in the margins

The Medieval New Patricia Clare Ingham,2015-04-07 Despite the prodigious inventiveness of the Middle Ages the era is often characterized as deeply suspicious of novelty But if poets and philosophers urged caution about the new Patricia Clare Ingham contends their apprehension was less the result of a blind devotion to tradition than a response to radical expansions of possibility in diverse realms of art and science Discovery and invention provoked moral questions in the Middle Ages serving as a means to adjudicate the ethics of invention and opening thorny questions of creativity and desire The Medieval New concentrates on the preoccupation with newness and novelty in literary scientific and religious discourses of the twelfth through sixteenth centuries Examining a range of evidence from the writings of Roger Bacon and Geoffrey Chaucer to the letters of Christopher Columbus and attending to histories of children s toys the man made marvels of romance the utopian aims of alchemists and the definitional precision of the scholastics Ingham analyzes the ethical ambivalence with which medieval thinkers approached the category of the new With its broad reconsideration of what the newfangled meant in the Middle Ages The Medieval New offers an alternative to histories that continue to associate the medieval era with conservatism rather than with novelty its benefits and liabilities Calling into question present day assumptions about newness Ingham s study demonstrates the continued relevance of humanistic inquiry in the so called traditional disciplines of contemporary scholarship

Machaut and the Medieval Apprenticeship Tradition Douglas Kelly, 2014 A close examination of an important theme in Machaut s works A milestone in Machaut studies and in late medieval French literature in general Machaut already considered the seminal figure in late medieval poetics and music here comes across in these respects more clearly than ever Kelly also further contextualises him within what we might call the authorial apprenticeship tradition of Boethius the Roman de la Rose Dante and later Gower Chaucer and Christine de Pizan The fruit of one of the field s most distinguished scholars today Nadia Margolis Mount Holyoke College Guillaume de Machaut was celebrated in the later Middle Ages as a supreme poet and composer and accordingly his poetry was recommended as a model for aspiring poets In his *Voir Dit* *Toute Belle* a young aspiring poet convinces the Machaut figure to mentor her This volume examines *Toute Belle* as she masters Machaut s dual arts of poetry and love focusing on her successful apprenticeship in these arts it also provides a thorough review of Machaut s art of love and art of poetry in his *dits* and lyrics and the previous scholarship on these topics It goes on to treat Machaut s legacy among poets who like *Toute Belle* adapted his poetic craft in new and original ways A concluding analysis of *melodie* identifies the synaesthetic pleasure that late medieval poets including Machaut offer their readers Douglas Kelly is Professor Emeritus at the University of Wisconsin Madison
